A Pocket Guide to Writing in History Mary Lynn Rampolla, 2012-01-20 A Pocket Guide to Writing in History provides all the advice students need to write effectively in any history course from introductory surveys to upper level seminars in a quick reference format

How Invention Begins John H. Lienhard, 2006-07-14 In *How Invention Begins* Lienhard reconciles the ends of invention with the individual leaps upon which they are built illuminating the vast web of individual inspirations that lie behind whole technologies He traces for instance the way in which thousands of people applied their combined inventive genius to airplanes railroad engines and automobiles As he does so it becomes clear that a collective desire an upwelling of fascination a spirit of the times a Zeitgeist laid its hold upon inventors The thing they all sought to create was speed itself Likewise Lienhard shows that when we trace the astonishingly complex technology of printing books we come at last to that which we desire from books the knowledge the learning that they provide Can we speak of speed or education as inventions To do so he concludes is certainly no greater a stretch than it is to call radio or the telephone an invention Throughout this marvelous volume Lienhard illuminates these webs of insight or inspiration by weaving a fabric of anecdote history and technical detail all of which come together to provide a full and satisfying portrait of the true nature of invention

Creating Award-Winning History Fair Projects Helen Bass, 2007 Provides information on creating a history fair projects covering such topics as conducting historical research writing historically accurate papers and constructing projects

A Short Guide to Writing about History Melvin E. Page, Brian J. Maxson, 2023-03-27 This widely used guide for students has long emphasized the excitement of historical discovery rooted in writing about the past This new edition continues that emphasis while also affirming the contemporary significance of the search for truth in historical writing It includes new and revised sections related to electronic technologies as well as updated examples of recent historical scholarship throughout It maintains the welcoming accessible and inclusive tone of previous editions while walking students through complex ideas and established writing standards As it has since its inception the tenth edition of *A Short Guide to Writing about History* helps students confront and conquer any of the challenges they might face in writing about history
