

Aim:

To establish appropriate Codes of Practice re acceptable Internet use for staff, parents and students to follow, which enables all school community members to get the best from the Internet while protecting them from harm.

Rationale:

The School undertakes a commitment to implement and uphold the Acceptable Internet Use Policy and to provide appropriate physical and financial resources to enable safe, educationally relevant access to the Internet for staff and students.

Implementation:

- We will provide an environment and culture which supports:
 - High levels of student engagement, access and equity in learning through the effective use of technology.
 - Safe and ethical practices online.
 - Educating students for safe practices within and beyond the classroom.
 - Working with parents and the broader community to raise awareness of student safety on the internet.
- All students are expected to adhere to the behaviours and expectations set out in the Cranbourne Primary School Internet Use Student Agreement (ICT and Technology Agreement).
- The School will ensure that information published on the Internet by students or the School under the School's name meets legal requirements and standards of general practice within the community in relation to copyright and safety.
- The School will use the most appropriate Internet service provider that enables effective management and monitoring of web access to minimise the risk of exposure to offensive or inappropriate material.
- When accessing the Internet, staff and parents will endeavour to ensure that children are appropriately supervised and have clearly defined tasks and responsibilities.
- Individual users of the School's computer network are responsible for their behaviour and communications over this network. **NB. Internet users should not:** -
 - Give out personal details such as home addresses, telephone numbers, full names and credit card details
 - Give out log-in information or passwords
 - Reply to offensive or threatening messages via e-mail
 - Take up requests for 'real life' contact
 - Supply any identifying information when publishing photographs
 - Completely rely on information sourced from the Internet, as not all information on the World Wide Web is authoritative or correct
