On the left, a dining table with a light-colored, textured top is partially visible, accompanied by a red leather armchair and a small wooden stool. In the center, a fireplace with a dark, ornate mantel is set into the blue wall, with a framed abstract painting above it. To the right, a blue armchair and a matching ottoman are positioned near a large window. A low, dark wooden coffee table sits in front of the seating area. The floor is covered with a patterned rug featuring geometric and floral motifs in muted colors. The overall atmosphere is one of classic elegance and intellectual pursuit.

Ideal Collaboration Philip James Dodd:

An Ideal Collaboration Phillip James Dodd, 2015-08-31 IN THE FOLLOW UP to the critically acclaimed *The Art of Classical Details* Phillip James Dodd continues his look at some of the finest examples of contemporary classical architecture in Great Britain and the United States while also examining how collaboration is the key to their successful design. In reality collaborative relationships are rare especially among designers where each is often focused on their own individual objectives and unable to transcend their own egos. Often used as a catch phrase but not often realized true collaboration requires an understanding and an appreciation of the role that all parties play in the design and construction of a home. An Ideal Collaboration includes the work of some of the most notable names in contemporary residential design. Architects, decorators, landscape designers, consultants, builders, craftsmen, artists, and vendors all address the design process and the pivotal role that collaboration plays in creating cohesive timeless designs. The Western Christian Advocate, 1897 **The Bookman**, 1924 The New Grove Dictionary of Music and Musicians: 0Da`n tranh to Egu·eps Stanley Sadie, 2001 The Art of Classical Details Phillip Dodd, 2013. The well judged employment of classical detail in a new home has an additional significance that cannot be underestimated. It is an expression of an informed personal choice and an evocation of the delight in the human senses. This is true of all the houses featured in this book. Jeremy Musson. The architects and craftsmen that Phillip has featured in this wonderful book all have a love for classical detail. The art is alive and well as can be attested to in these pages. David Easton. In *The Art of Classical Details* Phillip James Dodd takes a close up look at some of the finest examples of contemporary classical architecture. The book consists of two chapters: The Essays and The Projects. Starting with a foreword by renowned decorator David Easton. The Essays are written by some of today's most sought after architects, scholars, and craftsmen. Accompanied by sumptuous full page photographs and renderings that illustrate a use of fine materials, intricate detailing, and superb artisanship, these insightful texts are essential reading for anyone with an interest in the theory, practice, and craft of classical design. The Projects presents an illustrated look at 25 of today's finest classically designed homes. Employing the theories prescribed in the writings of the first chapter, this portfolio of contemporary buildings exhibits the work of some of the most recognizable and celebrated architects in Great Britain and the United States. The work featured within this book demonstrates the timeless beauty of classicism and delights in the role that superbly crafted details play in creating art. **Hartmann's Who's who in Occult, Psychic and Spiritual Realms...in the United States and Foreign Countries**, 1927 **The Dial** Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, 1919 The Bookseller, Newsdealer and Stationer, 1914 **The Publishers Weekly**, 1883 **The United States Catalog**, 1924
