Lee, 2018-05-07 If high school has taught mathlete Jade Aaron anything it's that nerds never get the guy So when rock star Lennon Pryor starts pursuing her It's not rocket science This doesn't add up I mean sure he's hot And charming And a god on the guitar But he's also the world's biggest player Being with him would be a bigger mistake than 2 + 2 = 5 Until graduation night when a reckless moment leads to a reckless kiss And now Jade's falling for the one guy destined to break her heart Disclaimer This *Entangled Teen Crush* book contains one epic party complete with every high schoolers gone bad shenanigan and two opposites with nothing in common and nothing to lose except their hearts Each book in the *Grad Night* series is STANDALONE Love in the Friend Zone Love Between Enemies Love Beyond Opposites

**Mr. Big Empty** Gregory Ashe, 2020-02-01 Vie Eliot arrives in the small town of Vehpese Wyoming with little more than the clothes and scars on his back Determined to make a new life for himself after escaping his abusive mother he finds that living with his estranged father brings its own problems Then Samantha Oates the girl with blue hair goes missing and Vie might be the only one who can find her His ability to read emotions and gain insight into other people's darkest secrets makes him the perfect investigator with only one small problem he wants nothing to do with his gift When the killer begins contacting Vie through a series of strange cards though Vie is forced to hone his ability because Samantha was not the killer's only target And as Vie learns he is not the only psychic in town

**Sevens Wild** H.S. Torben, 2023-10-13 Blue forged an alliance between the most powerful and influential people in the magic world And their first order of business was to start a riot They were only trying to get coffee Everything went downhill from there At this rate it may take longer to achieve their goals than any of them signed up for It seemed like a good idea at the time Sam knew agreeing to an alliance with Blue and by proxy the Hounds of Dawn to stop the Sovereign and reestablish control of the Cahlad in exchange for protecting a young lady whose magic has the potential to change the world was a risk But he never imagined things would fall apart so fast or so spectacularly Turns out she's a complete wild card Now everyone is scattered and fighting for their lives As they navigate

fragile new relationships unravel treacherous conspiracies and decipher cryptic prophecies about canned peaches and popcorn palaces it soon becomes clear that none of them are here by chance Larger forces have set them on a path toward a magic apocalypse If they want to survive they can't rely on magic alone They will have to learn to rely on each other The clock is ticking the balance of power is shifting and the fate of every person on the planet is at stake And the price of saving the world might be losing the people they love If you love humor filled heart pounding adventures magic packed intrigue and heroes that know the rules are only suggestions the second installment of H S Torben's urban fantasy series Hounds of Dawn is for you

**Fashion Figures** Melissa A. Borza, 2017-09-26 Missy Maker is a middle school girl who loves math and fashion She sees math in everything she does She tries to hide this from her friends because she thinks it's too geeky Missy hears that the school math club needs more members but she's worried about what her friends will think if she joins and she's already committed to joining the fashion club After an epic internal struggle and with the support of her peers and her quirky loving family Missy finds that she can be both a Mathlete and a Fashionista Missy figures out how to bring the two clubs together to help both groups win In the process she discovers that she can openly excel in math and science and still be popular with her peers She also learns how her math and science skills can help her artistic endeavors Gain an inside perspective on what it's like when you love math and science and happen to be a girl Fashion Figures highlights the societal and internal pressures preteen and early teen girls often face when they excel in these subjects and it shows strategies for overcoming barriers to being themselves and doing what they love while still fitting in socially What You'll Learn Girls can have a passion for STEM science technology engineering and math subjects and still be cool Girls can be great at math Math skills are important in non STEM centered subject areas like fashion and art Math can be fun Who This Book Is For Pre teen and early teen girls 9-14 years old
