*2029 Economic Crisis and Civil War in South Africa* The Messenger, 2014-07-17 The book analyses the current problems in South Africa Many people are seeing that unemployment and the plight of the masses will reach the point of no return The gradual decline of the economy is due to various factors but is exacerbated by corruption and lack of responsibility and accountability South Africa has reached a 50 year low in productivity due to affirmative action BEE and the perception of life owes me The current war between management and labour for higher wages will continue The threat of retrenchments will become a reality All the gold mines will follow The falling gold price predicts this All of this leads to only one thing our mutual enemy unemployment

*Student Perspectives on Assessment* Dennis M. McInerney, Gregory Arief D. Liem, Gavin T. L. Brown, 2009-12-01 Assessment for learning is meant to engage motivate and enable students to do better in their learning However how students themselves perceive assessments both high stakes qualifications and low stakes monitoring is not well understood This volume collects research studies from Europe North and South America Asia and New Zealand that have deliberately focused on how students in primary secondary and tertiary education conceive of experience understand and evaluate assessments Assessment for learning has assumed that formative assessments and classroom practices would be an unqualified success in terms of student learning outcomes Making use of a variety of qualitatively interpreted focus groups observations and interviews and factor analytic survey methods the studies collected in this volume raise doubts as to the validity of this formulation We commend this volume to readers hoping to stimulate their own thinking and research in the area of student assessment We believe the chapters will challenge researchers policy makers teacher educators and instructors as to how assessment for learning can be implemented
