Foote

04/07/1997

ABC123

First Name

Last Name

Date of Birth

Patient Identifier (if known)

Date/Time	Note	
09/02/2022 8am	Saw Amy today for an initial consultation regarding her obsessive thoughts and compulsions to clean. Focussed on goal setting and building a history of her present condition. Will see her next week.	
09/02/2022 8am	Amy has had five "cleaning episodes" since our last appointment. She reports these are the most time consuming of her symptoms which she wants to focus on reducing. Amy reports these occur when she is anxious and she feels she has no control over them. We made a plan for her to reach out for help to her safe contact person when she feels one of these episodes coming on.	
09/16/2022 9am	Amy reports an increase in the "cleaning episodes" since our last appointment, reports she had trouble sticking to our plan as her "safe person" was busy and she didn't want to bother them. We have made a plan for her to redirect herself with tasks she enjoys instead.	
09/23/2022 8am	Amy's cleaning episodes have reduced to three since our last appointment. Amy appears brighter and more excited about her future, talking for the first time about moving into a shared house with flatmates once she has her condition under control.	
09/30/2022 9am	Amy reports just two "smaller" cleaning episodes restricted to just her bedroom and not the whole house, since our last appointment. This demonstrates great progress, and she attributes most of this success to practicing her self-redirection and grounding techniques.

standards Kinn's *The Clinical Medical Assistant: An Applied Learning Approach* 15th Edition teaches the real world clinical skills essential for a career in the modern medical office always with a focus on helping you apply what you've learned. This edition features a new unit on advanced clinical skills and expanded content on telemedicine, infection control related to COVID-19, IV therapy, radiology, rehabilitation and much more. With its approachable writing style appropriate for all levels of learners and a full continuum of separately sold adaptive solutions, real world simulations, EHR documentation experience and HESI remediation and assessment, quickly master the leading skills to prepare for certification and a successful career in the dynamic and growing medical assisting profession. Step by step illustrated procedures include rationales and a focus on professionalism. Electronic health record (EHR) coverage provides access to hands on activities using SimChart for the Medical Office sold separately. Applied learning approach incorporates threaded case scenarios and critical thinking applications. Patient education and legal and ethical features at the end of each chapter reinforce legal and communications implications within medical assisting practice. Key vocabulary terms and definitions are presented at the beginning of each chapter highlighted in text discussions and summarized in a glossary for handy reference. Robust Evolve companion website offers procedure videos, practice quizzes, mock certification exams and interactive learning exercises. NEW Content aligns to 2022 Medical Assisting educational competencies with comprehensive coverage of clinical skills. NEW Advanced Clinical Skills unit features three new chapters on IV therapy, radiology basics and radiology positioning to support expanded medical assisting functions. NEW Coverage of telemedicine, enhanced infection control related to COVID-19 and catheterization. NEW Artwork focused on assisting with imaging, IVs and catheters along with updated equipment photos. NEW Procedures address IV therapy, limited scope radiography, applying a sling and coaching for stool collection. EXPANDED Information on physical medicine and rehabilitation. EXPANDED Content on specimen collection including wound swab, nasal and nasopharyngeal specimen collections.

Lippincott Williams and Wilkins' Administrative Medical Assisting Laura Southard

Durham, 2008. Lippincott Williams Wilkins *Administrative Medical Assisting* Second Edition teaches students the theory and skills to become effective medical office assistants.
