

Receptionist Handbook

PHONE PROCEDURE - If you are already on the phone with someone, politely ask the current caller if you can put them on hold and tend to the new caller. Then ask the new caller if you can put them on hold or call them back. Avoid leaving any caller on hold for longer than 1 minute.

Smile when you answer the phone. Smiling completely changes the tone of your voice to one that is genuinely warm and friendly.

VOICE MESSAGES -All voice messages must be responded to within the same business day and dealt with before closing time.

MUSIC

We've all been on hold or in a store where the music makes us want to pull our hair out – or worse – hang up or leave! We cannot guess everyone's taste in music, so it's best to play generic calming music or a news feed. Once a month, the on-hold music should be tested to ensure that the volume is appropriate for the phone.

EMAIL

Our general email inbox must be checked every hour.

EVERY email must be dealt with and responded to within a half day, and absolutely no later than the same business day. All emails in the inbox must be responded to before closing time.

EMAIL FOLDERS -Email folders in the email inbox must be organized such that any staff member can easily and clearly determine what emails have been dealt with. Only emails that have not been dealt with are to appear in the general inbox.

It is absolutely unacceptable for an email to receive no response.
