Medicine Journal Oxford:

Cumulated Index Medicus ,1973 *American Medicine* ,1904 List of Journals Indexed in Index Medicus National Library of Medicine (U.S.),1994 Issues for 1977 1979 include also Special List journals being indexed in cooperation with other institutions Citations from these journals appear in other MEDLARS bibliographies and in MEDLING but not in Index medicus **The Philosophy and Practice of Medicine and Bioethics** Barbara Maier,Warren A. Shibles,2010-11-03 This book challenges the unchallenged methods in medicine such as evidence based medicine which claim to be but often are not scientific It completes medical care by adding the comprehensive humanistic perspectives and philosophy of medicine No specific or absolute recommendations are given regarding medical treatment moral approaches or legal advice Given rather is discussion about each issue involved and the strongest arguments indicated Each argument is subject to further critical analysis This is the same position as with any philosophical medical or scientific view The argument that decision making in medicine is inadequate unless grounded on a philosophy of medicine is not meant to include all of philosophy and every philosopher On the contrary it includes only sound practical and humanistic philosophy and philosophers who are creative and critical thinkers and who have concerned themselves with the topics relevant to medicine These would be those philosophers who engage in practical philosophy such as the pragmatists humanists naturalists and ordinary language philosophers A new definition of our own philosophy of life emerges and it is necessary to have one Good lifestyle no longer means just abstaining from cigarettes alcohol and getting exercise It also means living a holistic life which includes all of one s thinking personality and actions This book also includes new ways of thinking In this regard the Metaphorical Method is explained used and exemplified in depth for example in the chapters on care egoism and altruism letting die etc Physical Fitness/sports Medicine ,1978 Consists of citations selected from those contained in the National Library of Medicine s Medical Literature Analysis and Retrieval System **Paul and Asklepios** Christopher D. Stanley,2022-08-25 What role did offers of physical healing or the hope of receiving it play in the missionary program of the apostle Paul What did he do to treat the many illnesses and injuries that he endured while pursuing his mission What did he advise his followers to do regarding their health problems Such questions have been broadly neglected in studies of Paul and his churches but Christopher D Stanley shows how vital they truly become once we recognize how thoroughly pagan religion was implicated in all aspects of Greco Roman health care What did Paul approve and what did he reject Given Paul s silence on these subjects Stanley relies on a cross cultural and interdisciplinary approach to develop informed judgments about what Paul might have thought said and done with regard to his own and his followers health care He begins by exploring the nature and extent of sickness in the Roman world and the four overlapping health care systems that were available to Paul and his followers home remedies magical treatments religious healing and medical care He then examines how Judeans and Christians in the centuries before and after Paul viewed and engaged with these systems Finally he speculates on what kinds of treatments

Paul might have approved or rejected and whether he might have used promises of healing to attract people to his movement The result is a thorough and nuanced analysis of a vital dimension of Greco Roman social life and Paul s place within it

Science and the Quiet Art D. J. Weatherall,1995 A distinguished scientist offers here the clearest explanation yet of how improvements in patient care are related to and depend on biomedical research **Clinical Pain Management : Cancer**

Pain Nigel Sykes,Michael Bennet,Chun-su Yuan,2008-09-26 Now divided into four parts the second edition of Cancer Pain delivers broad coverage of the issues that arise in the management of malignancy related pain from basic science through end of life care and associated ethical issues to therapies both medical and complementary Part One reviews basis considerations in cancer pain management includ *Clinical Pain Management Second Edition: Cancer Pain* Nigel Sykes,Michael Bennet,Chun-su Yuan,2008-09-26 Now divided into four parts the second edition of Cancer Pain delivers broad coverage of the issues that arise in the management of malignancy related pain from basic science through end of life care and associated ethical issues to therapies both medical and complementary Part One reviews basis considerations in cancer pain management including epidemiology pharmacology history taking and patient evaluation and teamworking Part Two brings together the drug therapies for cancer pain their underlying basis and potential side effects Part Three covers the non drug therapies including nerve blocks stimulation induced analgesia radiotherapy complementary therapies and psychological interventions The control of symptoms other than pain so critical to cancer patients is also considered here Part Four describes special situations Cancer pain management in children and older patients and in the community setting and pain in the dying patient and the cancer survivor are all covered here **Practical Prehospital Care E-book** Ian Greaves,Keith Porter,Jason Smith,2016-06-07 defines the specialty of pre hospital medicine editors have extensive experience of both military and civilian pre hospital trauma life support Greaves and Porter are well known authors amongst the paramedic market updated resuscitation guidelines now in force throughout Europe updated references modern reader friendly page design incorporating text colour market priced non essential material e g history of emergency medicine removed
