Lyudmila Noble, 2013-06 Lyudmila Noble the author of the book *Just Touching the Memory* was born in a family of a well known doctor in the former Soviet Union From her very childhood she was introduced to the notions of humanism and altruism which were presented to her by her father Lyudmila Noble s father was her mentor and her role model In the former Soviet Union Lyudmila received her education as linguist educator and military nurse She majored in English German Later she got her Master s Degree in Social Work in New York USA In her book she invites her potential readers to think to analyze and to understand about the reasons which made Soviet people to leave their country As everyone is aware nobody leaves and departs from a good life On the surface her main character had a great career house family children husband But that was the tip of the iceberg The underlying reason for her departure from the former Soviet Union was deep down and deeply hidden from the eyes of the bystanders In her book she tried to capture the most significant events which led the country to the collapse and made an impact of the destinies of the citizens of that country greatly Being a sensitive author she wants to say in her book My freedom is finishing when your freedom ends As a matter of fact in the former USSR the notions will and freedom were not separated The authorities did everything what they wanted to do in spite of the fact that they hurt constantly Soviet people the people of values and dignity The main purpose of this book is that very fact that the author intended to introduce relatively newly arrived Russian speaking community to the American Society To break stereotypes about Russians as the rigid people who came from the cold freezing country with similar personalities instead she shows the real Russians in the US
