

GRAHAM GREENE

Monsignor Quixote

'A powerful late work ... a mixture of entertainment and deep human awareness' – **Malcolm Bradbury**

With his Sancho Panza a deposed Communist mayor, his faithful Rocinante an antiquated motor car, Monsignor Quixote roams through modern-day Spain in a brilliant picaresque fable that, like Cervantes' classic, offers enduring insights into our life and times.

'One of the finest writers of any language ... Monsignor Quixote is a tour de force and a revealing document of Greene's theological and political intelligence'
– *Washington Post*

'Monsignor Quixote is important in showing what may be the last stage of the novelist's long argument with himself about the needs, nature and effect of faith' – *The Times Literary Supplement*

'A devastating blend of humour and sharp insight' – *New Statesman*

'Graham Greene's best, most absorbing, adept and effortless novel'
– *Spectator*

Was there a special reason for him to call *The Honorary Consul* his favourite book? Why is clock time such a matter of great concern to those who otherwise believe the book to be his greatest? And is there any reason for calling his characters empty or full and anything in between instead of just defining them flat or round? The answers to these and many other intriguing questions are to be found in this captivating analysis of *The Honorary Consul* by Rudolf E. van Dalm. A Study in Greene Bernard Bergonzi, 2006-09-07 Bernard Bergonzi has been reading Graham Greene for many years he still possesses the original edition of The End of the Affair that he bought when it was published in 1951 After so much recent attention to Greene's life he believes it is time to return to his writings in this critical study Bergonzi makes a close examination of the language and structure of Greene's novels and traces the obsessive motifs that recur throughout his long career Most earlier criticism was written while Greene was still alive and working and was to some extent provisional as the final shape of his work was not yet apparent In this book Bergonzi is able to take a view of Greene's whole career as a novelist which extended from 1929 to 1988 He believes that Greene's earlier work was his best combining melodrama realism and poetry with Brighton Rock published in 1938 a moral fable that draws on crime fiction and Jacobean tragedy as the masterpiece The novels that Greene published after the 1950s were very professional examples of skilful story telling but represented a decline from this high level of achievement Bergonzi challenges assumptions about the nature of Greene's debt to cinema and attempts to clarify the complexities and contradictions of his religious ideas Although this book engages with questions that arise in academic discussions of Greene it is written with general readers in mind
