Elementary Dance Education Janice Pomer, 2022-09-09 Children love to observe explore learn and create Elementary Dance Education helps them do all four And it does so in a unique way shaping its movement activities around nature themes In fact all of the learning experiences are based on different aspects of nature as the text intertwines children s innate curiosity and observation skills with the processes of scientific inquiry and artistic creation Elementary Dance Education helps teachers develop the instructional skills they need to incorporate dance into their curricula providing over 70 movement activities and exercises for students in grades K 6 The activities which stimulate children s minds and bodies through the process of collaborative dance creation include variations for younger and older students Ideas are offered for partner or small group explorations making the activities more inclusive and appropriate for each age group Another unique feature of this book is the original music accompanying it Teachers have access to 90 minutes of dynamic sounds rhythmic percussion captivating electro acoustic compositions and gentle atmospheric selections delivered through HKPropel to accompany the learning experiences The compositions support students movement explorations conveying a range of images and emotions and inspiring a variety of responses In addition Elementary Dance Education offers the following Discussion questions for each exercise prompting in class discussion and student exploration the questions come with sample answers or ideas to encourage student responses and spur a fruitful discussion 75 photos and several diagrams to illustrate positions and poses and stimulate ideas for the movement exercises Journal prompts tailored for older and younger children to give students the opportunity to respond and reflect on the learning experiences Video links provided in HKPropel to help illustrate concepts and exercises offer examples or encourage students to watch for something specific in an activity The book s first chapter introduces the basic elements of dance the remaining seven chapters offer movement exercises in various areas of nature plants animals water earth sky people and other wonders This book is a rich and easy to implement resource not only for elementary dance educators and physical educators but for classroom teachers as well The exercises in this book use a template for movement discovery in which students will observe explore create and share This template can be applied to all areas of the curriculum says author Janice Pomer It s an invaluable tool for student engagement satisfying children s capacity to watch wonder move interact discover and share Elementary Dance Education will promote children s creativity and curiosity engage and challenge their minds and bodies and help them learn to appreciate and support each other as they work together exploring creating and sharing their ideas and insights about the natural world through dance Note A code for accessing HKPropel is not included with this ebook but may be purchased separately *Normal Instructor and Primary Plans* ,1926 **Caldecott Connections to Science** Shan Glandon, 2000-09-15 Take advantage of the appeal and power of Caldecott award literature to extend and promote learning across the curriculum In these three volumes the author demonstrates how to use award winning books as springboards to science social studies learning and language arts in

the library and classroom and to expand student awareness and appreciation of illustration techniques For each Caldecott title there is background information on the illustrations curriculum connections lesson plans and support materials for teaching Glandon also integrates Gardner s multiple intelligences with curriculum content With a flexible discovery approach these activity units focus on student centered experiential holistic and authentic learning and they are ready for instant implementation Targeted to primary grade objectives and abilities the books include an array of individual projects and collaborative ones They also foster collaborations between library media specialists and classroom teachers , New Standards-Based Lessons for the Busy Elementary School Librarian Joyce Keeling,2024-01-25 This book provides targeted and invaluable help for the busy elementary school librarian and the science teacher as they work together to design and co teach library based lessons guided by the Next Generation Science Standards English Literacy Common Core Standards and the new AASL Standards All standards are cited in easy to use reproducible lessons Energy packed and interactive lessons are coordinated to common elementary science curricula at the grade level indicated and are also adaptable and usable as template lessons as needed Necessary handouts and other tools with current lists of recommended resources are provided Elementary school librarians and classroom teachers as well as curriculum coordinators elementary reading social studies and science instructors will find value in this collection of lessons The highly rated materials recommended in the resource lists are valuable for aiding librarians in collection development to support new and current standards **Eid Mubarak!:**

Islamic Celebration Around the World Susan Douglass,1995-01-01 This supplementary unit describes the two Islamic celebrations their background and major features of their observance It shows what when why and how Muslims celebrate on these two occasions and gives a sense of their inherent values The unit is also a case study of the unity and diversity of Muslims across the globe an enjoyable introduction to some customs in selected countries where Muslims live and their geography Countries were selected to include both majority and minority Muslim populations to present a range of countries across the globe and to represent a variety of the many ethnic groups and geographic features that make up the Muslim world community No attempt has been made to comprehensively cover all countries cultures or customs as this is far beyond the scope of a unit for the primary grades By selecting certain countries others were necessarily excluded although they might have served equally well To rectify this unfortunate shortcoming activities have been suggested that can enhance coverage to include all the nationalities represented in an individual teacher s classroom At the same time such a project increases student participation All of the customs related here have either been witnessed by the author in various countries or they were related personally by Muslims from those countries who also assisted with the illustrations and diagrams for each custom Finally no attempt has been made to cover all of the customs of the country selected rather they were selected for variety attractiveness to the target age group and for their relevance to and illustration of certain social studies concepts which are brought out in the teaching suggestions In terms of the overall objectives of a social studies curriculum for first

grade the teacher will find that many skills and concepts from the first grade year are introduced or reviewed in this unit It is recommended that the unit be placed near or between the two holidays if these fall during the school year calendar Alternatively the unit can serve as an addition to or substitute for standard textbook units on holidays around the world and offers an interesting contrast and complement to such units In reading and skill level it corresponds roughly to the second half of the first grade year where such holiday units are often placed
