Bottleneck Caroline Melly,2017-10-17 The age of globalization is generally understood as involving the massive movement of people and goods on a scale never before seen in human history In *Mobile Fixations* anthropologist Caroline Melly examines mobility as a cultural value in urban Senegal paying close attention to the points at which the ideal of mobility meets obstructive realities Specifically she conceptualizes embouteillage the traffic bottleneck as a symbol for the fraught attempts of Dakar's citizens to construct their own mobile futures Through case studies of investment agencies cab companies investors state workers and return migrants Melly pays keen attention to the chronic uncertainty brought on by structural adjustment and how transnational networks might stand as models of inclusion and exclusion in contemporary Senegalese society Melly also guides us beyond West Africa's shores to the rickety Europe bound fishing boats upon which so many immigrants embark to see a different kind of mobile future abroad one that too often ends in tragedy In so doing the author shows how the consequences of local transformations reach well beyond a country's or even a continent's borders *Mobile Fixations* is an engaging and accessible work of cultural anthropology one that will be an invaluable read for anyone interested in contemporary African society and the global implications of urban development The academy ,1898

Love Maryann Pino Miller,2017-09-06 Trying to define the indefinable can get us into trouble That's what happened when we decided to define love We set standards of action determining the existence and depth of the love being offered We used our minds to define something only our hearts truly know anything about In her second book *Love The Alpha The Omega* Maryann Pino Miller takes us on a journey of discovering love We learn love already exists within us In fact we are love We just forgot In this easy to read and relate to book we learn of the seven levels of love 1 As babies we know we are love 2 We forget and begin searching filled with fear we will not find it 3 We begin using words to convince ourselves we are okay 4 We begin using uplifting loving words to reset our energy and awareness of who we are 5 We realize it's safe to look at every

aspect of ourselves and still accept ourselves as we are 6 We fall in love with ourselves allowing ourselves to live and love life fully 7 Full circle we now know that not only are we love so is all of life We love honor and respect ourselves and all of life We live from our being ness Using her life twists and turns we learn how Miller sorted through her life using tools she picked up along the way When the student is ready the teacher will appear **Creekside Township Rivals: Complete Series** JT Fader, 2025-04-10 Creekside Township Rivals Box Set Books 1 6 Six HEA stories set in Creekside Township This boxed set follows the love stories of wolves that belong to the Riverton pack and the East and West Creekside packs Lucas Omega Book 1 A small town offers more than an opportunity to start again Will two rivals be able to put their differences aside and submit to their fate Jonas Alpha Book 2 A new rival comes into Creekside with a business that threatens to impact the success of Jonas restaurant How will Jonas and his pack react to this latest interloper Alphas Omega Book 3 When the world holds prejudice against your love how do you move forward Is this going to be a one night stand or has fate got other plans Mark s Chosen Book 4 Two towns divided by more than just distance Two packs with different ways of life But when their paths cross will it lead to unity or destruction Harlan s Fated Book 5 The anguish of finding your fated mate and discovering he wants nothing to do with you Will they be able to overcome the multiple obstacles and embrace their destiny Declan s Omegas Book 6 Two hearts overflowing with secret love buried under the cover of friendship One new heart is fated Can three hearts find their way to each other or will fear and doubt lead them astray The Youth's Companion Nathaniel Willis, Daniel Sharp Ford, 1919 Includes music Spies and Commandos Kenneth Conboy, Dale Andradé, 2000-03-16 During the Vietnam war the United States sought to undermine Hanoi s subversion of the Saigon regime by sending Vietnamese operatives behind enemy lines A secret to most Americans this covert operation was far from secret in Hanoi all of the commandos were killed or captured and many were turned by the Communists to report false information Spies and Commandos traces the rise and demise of this secret operation started by the CIA in 1960 and expanded by the Pentagon beginning in 1964 in the first book to examine the program from both sides of the war Kenneth Conboy and Dale Andrade interviewed CIA and military personnel and traveled in Vietnam to locate former commandos who had been captured by Hanoi enabling them to tell the complete story of these covert activities from high level decision making to the actual experiences of the agents The book vividly describes scores of dangerous missions including raids against North Vietnamese coastal installations and the air dropping of dozens of agents into enemy territory as well as psychological warfare designed to make Hanoi believe the resistance movement was larger than it actually was It offers a more complete operational account of the program than has ever been made available particularly its early years and ties known events in the war to covert operations such as details of the 34 A Operations that led to the Tonkin Gulf incidents in 1964 It also explains in no uncertain terms why the whole plan was doomed to failure from the start One of the remarkable features of the operation claim the authors is that its failures were so glaring They argue that the CIA and later the Pentagon was unaware for years that Hanoi

had compromised the commandos even though some agents missed radio deadlines or filed suspicious reports. Operational errors were not attributable to conspiracy or counterintelligence, they contend, but simply to poor planning and lack of imagination. Although it flourished for ten years under cover of the wider war, covert activity in Vietnam is now recognized as a disaster. Conboy and Andrade's account of that episode is a sobering tale that lends a new perspective on the war as it reclaims the lost lives of these unsung spies and commandos.
