Eli Lilly and Company Annual Report, 1968 *Greening the Firm* Aseem Prakash, 2000-04-20 Over the last two decades environmental issues have become important in public and business policy This book asks why firms sometimes voluntarily adopt environmental policies which go beyond legal requirements It employs a new institutionalist perspective and argues that existing explanations especially from neoclassical economics concentrate on external factors at the expense of internal dynamics Prakash argues that beyond compliance policies are due to two types of intra firm processes which he describes as power and leadership based His argument is supported by analysis of ten cases within two firms Baxter International Inc and Eli Lilly and Company including interviews with managers and access to meetings and documents This book therefore examines the internal working of firms environmental policy in a theoretically rigorous way providing a significant contribution to the theory of the firm It will be valuable for students of business and environmental studies as well as political economy and public policy Corporation Annual Reports to Shareholders, 1986 **Annual Report** USA Patent Office, 1908 *Annual Report of the Commissioner of Patents* United States.
