

Short Essay on My Summer Vacations in English

Summer is the warmest time of the year, and children love it. It's a fun and exciting time since they get to eat their preferred fruits and ice cream. They also benefit from extended school closures during these holidays.

The holiday is a key phase for young kids. It is a joyous occasion for them. Throughout these vacations, youngsters can do whatever they want. They enjoy spending the vacations with their mom and dad, brothers, and sisters. Summer vacation is the happiest time in students' lives because they had a break from attending school for a while.

These breaks are extremely important apart from getting away from the heat. Just after tests, students are completely drained and uninterested in learning; therefore, they require rest to improve their health and effectiveness after a hard year of study.

Everyone begins to learn something during the break, whether they are adults or children. Everyone has their way to commemorate the warm holiday: some like to go on a barbeque with their family, others travel to overseas nations, and still, others remain at home and appreciate it.

Most girls prefer to play racquetball, soccer, and other sports during the summer holiday, whereas boys like to play cricket on the empty ground. Several fruits can only be relished during the warmer months, and these fruits contribute to making the summer vacation more exciting. Drinking fresh berries smoothies and eating fresh fruit in the body produces vitality in the body. So I love my summer vacations.
