engaging people is not about commanding them to do something it is about getting them to command themselves to do it West Point distinguished graduate Gary Morton knows how to deliver exceptional results while doing just that As a platoon leader and tank commander in Army Task Force 4 68 and later as a young vice president at medical device manufacturer Stryker Morton learned under two legendary leaders who despite different styles followed nearly the same steps to achieve results most considered unattainable In only a year Task Force 4 68 s commander Lt Colonel Alfred L Dibella turned one of the Army s poorest performing units into the most lethal combat ready task force in the US Army In simulated combat missions at the grueling National Training Center Dibella s task force defeated the constantly triumphant OPFOR in every battle This feat has never been repeated Generals and commanders at every level sought to understand how this unit did the impossible When John W Brown became CEO of Stryker it was a boutique medical device firm with a few innovative products and 17 million in sales Under Brown s extraordinary leadership it evolved into a 4 billion market leader feared by competitors and highly regarded by healthcare professionals Stryker accomplished this remarkable run by securing 20 percent earnings growth every quarter every year for twenty eight years Again this is a feat experts believed unachievable By explaining the ingredients of these two leaders secret sauce Morton lays the foundation for current and future leaders to ensure their own teams excellence Railway Locomotives and Cars ,1910
