Interrogating Motherhood Lynda R. Ross, 2016-12-30 It has been four decades since the publication of Adrienne Rich s *Of Woman Born* but her analysis of maternity and the archetypal Mother remains a powerful critique as relevant today as it was at the time of writing It was Rich who first defined the term motherhood as referent to a patriarchal institution that was male defined male controlled and oppressive to women To empower women Rich proposed the use of the word mothering a word intended to be female defined It is between these two ideas that of a patriarchal history and a feminist future that the introductory text *Interrogating Motherhood* begins Ross explores the topic of mothering from the perspective of Western society and encourages students and readers to identify and critique the historical social and political contexts in which mothers are understood By examining popular culture employment public policy poverty other mothers and mental health

Interrogating Motherhood describes the fluid and shifting nature of the practice of mothering and the complex realities that define contemporary women's lives A Spoonful of Sugar Liz Fraser, 2010-07-15 Timeless wisdom for modern mothers

Smyth, 2012-04-11 Drawing on qualitative interviews with forty middle class mothers living in Northern Ireland and the US this book explores the strategies women adopt as they take on and creatively re-make motherhood in ways which allow them to cope The Star and Celebrity Confessional Sean Redmond, 2013-10-18 In this book the different manifestations meanings and processes of the star and celebrity confessional will be explored The confessional is taken to be any moment in which a star celebrity or fan engages in revelatory acts that are considered to be authentic heart-felt and honest These confessional encounters can take place in an interview through performance and presentation events online and in unscripted encounters A star may break down in tears or reveal a previously unknown truth about their private life However this authenticity is often found to have been manufactured or is timed to occur against a new release or product launch Alternatively the desire to confess may be seen to draw attention to the centrality of pseudo forms of emotion in contemporary culture and the obsessional behaviour it produces In this book authors consider acts of confession by celebrities such as Tom Cruise Michael Jackson Jade Goody Britney Spears Sarah Jessica Parker Tracey Emin and Russell Crowe Mothering in the Age of Neoliberalism Giles Melinda Vandenbeld, 2014-03-01 Neoliberal policies and austerity measures have unequivocally altered the landscape of women's lives globally The most detrimental effect has been on mothers as they are faced with increasing responsibility and decreasing resources Despite mothers being the primary producers consumers and reproducers of the neoliberal world their centrality has been largely silenced within economic discourse Thus Mothering in the Age of Neoliberalism calls for a new economic framework to counter the individualized neoliberal model one in which the needs of mothers and children are prioritized This volume provides a crucial starting point By identifying the sources of neoliberal failure toward mothers we can begin to collectively formulate an alternative paradigm in which mothers' voices are no longer rendered invisible but rather predominate in the global landscape **The Pendragon Protocol** Philip Purser-Hallard, 2014-07-01 The Circle are the modern day successors of the Knights of the Round Table Armed with the latest military hardware and operating from a hidden fortress on the South Bank they protect

21st century Britain from certain very specific threats criminals who like the Circle's own Knights have characters from Arthurian legend living inside their heads Jory Taylor the Knight bearing the device of Sir Gawain has grappled on the Circle's behalf with mercenaries serial killers and far right terrorist cells However when he is captured by Gawain's traditional enemy the Green Knight he discovers a new side to the myths he lives by one which as he learns more about this clandestine world becomes both threateningly personal and terrifyingly political The legends of King Arthur are not the only stories with influence on the British psyche and some of the others have their own very different agendas A smart contemporary political thriller and a new kind of urban fantasy The Pendragon Protocol is the first volume in The Devices Trilogy Read more at <http://devicestrilogy.wordpress.com> A violently erudite genre mash up by a very clever man indeed Paul Magrs Never the Bride Enter Wildthyme Philip Purser Hallard is a master craftsman His stories are both cleverly constructed and wrought in the sharpest prose and he's always a joy to read Not to be missed George Mann Purser Hallard takes urban fantasy back from fey vampires and rugged werewolves and puts it firmly back where it belongs rooted deep in the myths and legends of old Britain He combines a startlingly original premise with some bloody good story telling I'm in for the long run and you should be too Simon Morden Philip K Dick Award winner The Samuil Petrovich trilogy

Fashion, Fashioning Class Katherine Appleford, 2020-10-14 Drawing together theoretical ideas from across the social sciences Classifying Fashion Fashioning Class examines how the fashion class association has developed and using the experiences of middle and working class British women demonstrates how this relationship operates today Though increasingly academics argue that contemporary class distinctions are made through cultural practices and tastes few have fully explored just how individual's fashion choices mobilise class and are used in class evaluations Yet an individual's everyday dress is perhaps the most immediate marker of taste and thus an important means of class distinction This is particularly true for women as their performances of respectability femininity and motherhood are embodied by fashion and shaped by class In unpacking this fashion class relationship the book explores how fashion is used by British women to talk about class It offers important insights into the ways fashion mobilises class differences in understandings of dressing up performance and public space It considers how class identity shapes women's attitudes concerning fashion trends and classic styles and it draws attention to the pivotal role mothers play in cultivating these class distinctions The book will be of interest to students in sociology fashion studies cultural studies human geography and consumer behaviour **Cat Simulator:**
