

MUS250 WORLD MUSIC Final Exam Questions

After answering question #1 (2 pages), choose TWO AND ONLY TWO (no extra credit) from questions #2-7 for 30 points each (1-2 pages). Avoid using the same culture in all three of your responses.

1. Ethnomusicologists seek to relate musical patterns of a culture to economic and social patterns of that culture. In your opinion, what is the most successful example of that? Discuss the music, the culture, and the arguments made for their relationship. 40 POINTS
2. Discuss two different ways of organizing rhythm and musical time from two cultures covered in this class, one of those cultures being Javanese gamelan. Be sure to describe the registral layering of melodic elaboration and rhythmic subdivision in Javanese gamelan.
3. Name a culture with an elaborate theoretical system for music, and name a culture that has elaborate music, but no explicit theories about music. Compare what you can hear in these different musics – can the differences be explained in terms of theory or lack of theory?
4. From any of the musical cultures we have studied, choose two examples that reinforce social identity at the class, ethnic or national level. Describe the music and how it relates to these social categories. Do these examples justify “the dominance of some men over other men . . . [or] of some societies over other societies”? (The ethnomusicologist Charles Keil wrote, “The great force shaping music and its meaning is social inequality specifically as it manifests itself in four directions at once: the dominance of some men over other men, of men over nature, of men over women, and of some societies over other societies.”)
5. Choose one musical culture and compare what an ideal inside-the-culture listener/performer/participant would understand or perceive in the music with the reaction of an outsider with little knowledge of the music.
6. Describe examples of how specific historical events have led to specific identifiable changes (especially ones that you can hear) in musical practices in a culture we have studied. Describe the historical events and the changes that they may have triggered in the culture’s music.
7. Complexity is often balanced by simplicity in music cultures. Describe in detail two examples of this from two different cultures, and discuss your personal perception of this relationship.

motors with small capacity both of them respectively can be used as turbine material and as an induction generator

multi criteria analysis of turbines for pico hydro power plant in - Aug 03 2022

web jan 31 2020 pico hydro power plant water irrigation channel analytical hierarchy process download conference paper
pdf 1 introduction energy access is limited in different areas around the world

installation of pico hydro system to augment the electricity - Feb 26 2022

web pico hydro system rural community electricity 1 introduction the hydroelectric power is widely available in the world it
only varies with the design that suits a specific place or location for this project the researchers decided to use a crossflow
type of turbine due to the low head and the water

micro and pico hydro british hydro association - Jan 08 2023

web pico hydro is traditionally hydroelectric power generation of under 5 kw this has proven to be useful in small remote communities that require only a small amount of electricity even smaller turbines of 200 300 w may power a single home with a

[design and fabrication of pico hydro turbine international](#) - Mar 30 2022

web key words pico hydro turbine 3d printing i introduction hydro power plants hydro power is a very clean source of energy and only uses the water the water after generating electrical power is available for other purposes due to this reason hydropower plants become more and more importance

pdf pico hydro as a renewable energy local natural - Feb 09 2023

web jan 8 2019 pico hydropower php is a small power plant system to generate electricity that is suitable for implementation in the rural area the potential of local natural resources such as bamboo and

[hydroelectricity wikipedia](#) - Jan 28 2022

web hydroelectricity or hydroelectric power is electricity generated from hydropower water power hydropower supplies one sixth of the world s electricity almost 4500 twh in 2020 which is more than all other renewable sources combined and

[development of in situ pico hydropower from treated drain](#) - Dec 27 2021

web nov 19 2022 the pico hydropower plants are usually installed in mountainous terrain and its contribution are remarkable in local electrification of communities barelli et al 2013 pico hydropower plant units are generally installed at sites with high head and water flow steep slopes and adequate land level but they are never installed on non

design and implementation of a crossflow turbine for pico hydropower - Jun 01 2022

web jul 1 2020 this research work is focused on the design and implementation of a crossflow turbine plant for pico hydropower electricity generation the nozzle height nozzle distance from the runner shaft and attack angle were optimized for increased energy generation with the outer and inner blade angles of the turbine set at 28 and 90

[pico hydro power energypedia](#) - Dec 07 2022

web pico hydropower is the only form of small renewable energy production which works continuously without battery storage where applicable it is the most cost efficient solution to supply electrical energy

[pico hydro turbines for electricity in rural areas openedition](#) - Oct 05 2022

web oct 7 2016 the word pico indicates the alternator s range of power there are three types of hydraulic turbine run of the river kaplan vertical pico hydro turbine or francis turbine horizontal pico hydro turbine and pelton waterwheel for the high heads seated pico hydro turbine source Électriciens sans frontières

pico hydro wikipedia - Aug 15 2023

web pico hydro is a term used for hydroelectric power generation of under 5 kw these generators have proven to be useful in

small remote communities that require only a small amount of electricity for example to power one or two fluorescent light bulbs and a tv or radio in 50 or so homes 2

cost analysis of pump as turbine for pico hydropower plants - Jul 02 2022

web jan 1 2013 for commercial justification of pat technology a cost analysis of 3 kw capacity pico hydropower plant was carried out by considering pat and francis turbine as a prime mover the hydro turbine test rig was developed by installing pat and its performance characteristics were plotted

design and development of pico hydro generation system for - Apr 30 2022

web nov 1 2009 a pico hydropower plant is an energy harvesting system that allows energy production using the power of the water flowing in small watercourses and in water distribution network

design of pico hydropower plants for rural electrification - Mar 10 2023

web jan 1 2019 pico hydro power stations include all hydropower systems with output of up to 5 kw these systems have proven themselves to provide a reliable source of electricity for rural areas apart from

design of pico hydropower plants for rural electrification - May 12 2023

web may 11 2018 pico hydropower plants include all hydropower systems up to 5 kw in the last 20 years pico hydropower plants found their highest use in the electrification of rural areas replacing aggregates with fossil fuel photovoltaic systems and wind power plants

pico hydropower faculty of engineering university of bristol - Jul 14 2023

web pico hydropower electricity generation under 5kw can be used where there is a stream or river flowing near to a community several countries such as nepal vietnam laos and peru have been exploiting pico hydropower for the past few decades as a way to provide electricity to rural locations

design and development of a pico hydro turbine for small scale - Apr 11 2023

web may 22 2023 this paper describes the design as well as development of pico hydropower which offers a cost effective reliable and efficient alternative power source and handy at remote locations static and flow analyses are validated and related to the findings presented in this paper
