*The Politics and Governance of Basic Education* Brian Levy, Robert Cameron, Ursula Hoadley, Vinothan Naidoo, 2018-08-24

This is an open access title available under the terms of a CC BY NC ND 4.0 International licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. All over the world economic inclusion has risen to the top of the development discourse. A well performing education system is central to achieving inclusive development but the challenge of improving educational outcomes has proven to be unexpectedly difficult. Access to education has increased but quality remains low with weaknesses in governance comprising an important part of the explanation. *The Politics and Governance of Basic Education* explores the balance between hierarchical and horizontal institutional arrangements for the public provision of basic education. Using the vivid example of South Africa, a country that had ambitious goals at the outset of its transition from apartheid to democracy, it explores how the interaction of politics and institutions affects educational outcomes. By examining lessons learned from how South Africa failed to achieve many of its goals, it constructs an innovative alternative strategy for making progress combining practical steps to achieve incremental gains to re-orient the system towards learning. *South African Economic Policy Under Democracy* Janine Aron, Brian Kahn, Geeta Kingdon, 2009-03-19 South Africa experienced a momentous change of government from the Apartheid regime to its first democratic government in 1994. This book provides an up to date and comprehensive assessment of South Africa's economic policies and performance under democracy. The book includes a stand alone introduction and economic overview as well as chapters on growth, monetary and exchange rate policy and fiscal policy on capital flows and trade policy on investment and industrial and competition policy on the effect of AIDs in the macroeconomy and on unemployment, education and inequality and poverty. Each chapter and the overview chapter in particular also addresses prospects for the future.

## **Perspectives on**

**ICT4D and Socio-Economic Growth Opportunities in Developing Countries** Ndayizigamiye, Patrick, Barlow-Jones, Glenda, Brink, Roelien, Bvuma, Stella, Minty, Rehana, Mhlongo, Siyabonga, 2020-10-09 Technology has been hailed as one of the catalysts toward economic and human development. In the current economic era of the Fourth Industrial Revolution, information acquisition, transformation and dissemination processes are posed to be the key enablers of development. However, in the context of developing countries, there is a need for more evidence on the impact that ICT has on addressing developmental issues. Such evidence is needed to make a case for investments in ICT led interventions to improve people's lives in developing countries. *Perspectives on ICT4D and Socio-Economic Growth Opportunities in Developing Countries* is a collection of innovative research on current trends that portray the ICT and development nexus. ICT4D from economic and human development perspectives within developing countries. While highlighting topics including mobile money, poverty alleviation and consumer behavior, this book is ideally designed for economists, government officials, policymakers, ICT

specialists business professionals researchers academicians students and entrepreneurs      *Handbook of Research on Institutional, Economic, and Social Impacts of Globalization and Liberalization* Bayar, Yilmaz, 2020-11-06 Globalization is a multi dimensional concept reflecting the increased economic social cultural and political integration of countries There has been no pinpointed consensus on the history of globalization however the globalization process has gained significant speed as of the 1980s in combination with liberalization Many countries have removed or loosened barriers over the international flows of goods services and production factors In this context both liberalization and globalization have led to considerable institutional economic social cultural and political changes in the world The liberalization and globalization processes have affected economic units institutions cultures social lives and national and international politics The Handbook of Research on Institutional Economic and Social Impacts of Globalization and Liberalization provides a comprehensive evaluation of the institutional economic and social impacts of globalization and liberalization processes across the world While highlighting topics like economics finance business and public administration this book is ideally intended for government officials policymakers practitioners stakeholders researchers and academicians interested in the international impacts of globalization and liberalization across a variety of different domains      *Travel Notes from the New Literacy Studies* Kate Pahl, Jennifer Rowsell, 2006-02-06 This book joins two important fields that of literacy and multimodality with a focus on local and global literacies Chapters include work on media popular culture and literacy weblogs global and local crossings in and out of educational settings in such locations as the US the UK South Africa Australia and Canada      **Inclusive Education in African Contexts** Nareadi Phasha, Dikeledi Mahlo, George J. Sefa Dei, 2017-04-13 How do we articulate the possibilities limitations and challenges of inclusive schooling and education in African contexts This book insists that inclusive education cannot be taken for granted Inclusion is neither a natural nor a given educational practice It must be struggled for Bringing a critical perspective to inclusive schooling and education is imperative This book adds to current educational debates with an African lens It engages inclusive education from multiple lenses of curriculum content classroom pedagogy and instruction representation culture environment and the socio organization life of schools the pursuit of equity and social justice and the search for educational relevance It is opined that Africa cannot be left behind in rethinking educational inclusion in ways that evoke critical questions of power equity and social difference The question of learner's identity in terms of class gender sexuality disability language ethnicity and race are equally consequential for African schooling and education When inclusion is understood as wholeness of education then how schooling and education engage the complete learner her his body mind soul and spirit as well as the use of local community and Indigenous knowledges in teaching and learning become relevant Inclusion stands the risk of liberal educational agendas that simply tinker or toy with schooling and education and hardly embrace the challenge of educational change What we need is a fundamental structural change that ensures schooling and education embraces difference while grappling with the teaching of Indigeneity decolonization and resistance      *New*

*Children's Socio-Economic Rights, Democracy And The Courts* Aoife Nolan, 2011-09-15 This book is concerned with children's economic and social rights sometimes referred to simply as children's social rights Despite increased academic interest in both children's rights and socio economic rights over the last two decades children's social and economic rights remain a comparatively neglected area This is particularly true with regard to the role of the courts in the enforcement of such social rights Aoife Nolan's book remedies this omission focussing on the circumstances in which the courts can and should give effect to the social and economic rights of children The arguments put forward are located within the context of and develop long standing debates in constitutional law democratic theory and human rights The claims made by the author are supported and illustrated by concrete examples of judicial enforcement of children's social and economic rights from a variety of jurisdictions The work is thus rooted in both theory and practice The author brings together and addresses a wide range of issues that have never previously been considered together in book form These include children's socio economic rights children as citizens and their position in relation to democratic decision making processes the implications of children and their rights for democratic and constitutional theory the role of the courts in ensuring the enforcement of children's rights and the debates surrounding the litigation and adjudication of social and economic rights This book thus represents a major original contribution to the existing scholarship in a range of areas including human and specifically social rights legal and political theory and constitutional law Children's rights were often thought to be synonymous with economic and social welfare prior to the adoption of the Convention on the Rights of the Child in 1989 Ironically since that time remarkably little scholarship has been devoted to the vitally important economic and social rights dimensions of children's rights Nolan's book singlehandedly remedies that neglect and does so in a sophisticated nuanced and balanced way It provides a superb account of the pros and cons of judicial activism in promoting these rights Philip Alston John Norton Pomeroy Professor NYU Law School Thus far the burgeoning literature on the judicial enforcement of socio economic rights has failed to engage in a sustained systemic manner with this topic from the perspective of children and the complexity of their status as citizens within contemporary democracies This book fills this gap and makes a major contribution to the literature in the three interrelated areas of the judicial review of socio economic rights claims children's rights and democratic theory Nolan navigates skilfully through the dense but rich literature in these areas as well as relevant international and comparative law In so doing she illuminates both the pitfalls and potential of resorting to courts in a partial response to the multifaceted and deeply entrenched global phenomenon of child poverty Professor Sandra Liebenberg HF Oppenheimer Professor of Human Rights Law University of Stellenbosch Law Faculty Winner of the Kevin Boyle Book Prize 2012 awarded by the Irish Association of Law Teachers to a book that is deemed to have made an outstanding contribution to the understanding of law

Law and the City Andreas Philippopoulos-Mihalopoulos, 2007-05-07 This invaluable guide offers

a lateral critical and often unexpected description of some of the most important cities in the world each one from a distinctive legal perspective      *Factors Affecting Teaching and Learning in South African Public Schools* Makola Collin Phurutse,2005 This study examines material issues affecting the quality of teaching and learning in South African public schools both within and external to the classroom environment The findings reveal significant disparities in conditions both within and between provinces Compounded by the effects of ill health related to HIV AIDS these disparities are likely to hamper any efforts to improve the quality of teaching and learning in South African public schools      **Mathematics and Science Achievement at South African Schools in TIMSS 2003** Vijay Reddy,2006 This monograph reports on South Africa s performance in TIMMS 2003 relative to 50 other countries describes the performance of different groups of learners in South Africa and provides contextual information about teachers schools and the curriculum The report concludes with recommendations for strategic interventions to improve South African learners performance in mathematics and science The findings contained in this report offer valuable insights to academics policymakers curriculum planners and teachers and those involved in the development of education in South Africa      Subjectivity, Language and the Postcolonial Hannah Botsis,2017-11-10 In *Subjectivity Language and the Postcolonial* Hannah Botsis draws on theoretical work that exists at the intersection of critical social psychology sociolinguistics and the political economy of language to examine the relationships between language subjectivity materiality and political context The book foregrounds the ways in which the work of Bourdieu could be read in conjunction with poststructural theorists such as Butler and Derrida to offer a critical understanding of subjectivity language and power in postcolonial contexts This critical engagement with theorists traditionally from outside of psychology allows for a situated approach to understanding the embodied and symbolic possibilities and constraints for the postcolonial subject This exploration opens up how micro politics of power are refracted through ideological categories such as language race and class in post apartheid South Africa Also drawing on the empirical findings of original research undertaken in the South African context on students linguistic biographies the book offers a unique perspective critical social theory is brought to bear on the empirical linguistic biographies of postcolonial subjects offering insight into how power is negotiated in the postcolonial symbolic economy Ideal for advanced undergraduate and postgraduate students on courses including social psychology sociolinguistics sociology politics and education this is an invaluable resource for students and researchers alike      Centering Whole-Child Development in Global Education Reform Jaekyung Lee,Kenneth K. Wong,2022-05-25 This volume offers critical analysis of national school reform policies intended to align with global agendas to promote educational quality and equity By uniquely foregrounding the need for education reform to nurture child well being alongside traditional measures of academic achievement the book identifies common challenges across the Global North and South and extends insights provided by international student assessment data Chapters offer a close analysis of reform practices in countries in Africa Europe Asia and the Americas to consider cultural social political and functional

aspects which drive or inhibit the success of reform initiatives Providing excellent insights into holistic education for children and youth this book highlights lessons to support global efforts in providing high quality equitable education for the whole child Developing international knowledge and supplementing international data this volume will be of interest to students scholars and researchers with an interest in education policy as well as comparative and international education Twenty Years of Education Transformation in Gauteng 1994 to 2014 Maringe, Felix,Prew, Martin,2015-05-05 Twenty Years of Education Transformation in Gauteng 1994 to 2014 An Independent Review presents a collection of 15 important essays on different aspects of education in Gauteng since the advent of democracy in 1994 These essays talk to what a provincial education department does and how and why it does these things whether it be about policy resourcing or implementing projects Each essay is written by one or more specialist in the relevant focus area The book is written to be accessible to the general reader as well as being informative and an essential resource for the specialist reader It sheds light on aspects of how a provincial department operates and why and with what consequences certain decisions have been made in education over the last 20 turbulent years both nationally and provincially There has been no attempt to fit the book s chapters into a particular ideological or educational paradigm and as a result the reader will find differing views on various aspects of the Gauteng Department of Education s present and past We leave the reader to decide to what extent the GDE has fulfilled its educational mandate over the last 20 years
