Pink Tourism Howard L. Hughes, 2006-01-01 This book presents a detailed picture of gay and lesbian tourism from primarily a marketing perspective and examines how marketing activity engages with and affects social issues relating to homosexuality It gives an overview of the nature of homosexuality and relevant issues that bear upon

tourism and marketing Topics covered include holiday profiles of both gay men and lesbians supply of related holiday products popular and non popular destinations tour operators and accommodation provision tourism and sex and sexually transmitted infections barriers and inhibitors to choice including host reactions appropriate marketing strategies The book locates gay and lesbian tourism and holiday marketing within a context of current issues such as citizenship identity and consumerism political activity and distraction and contested space and de gaying *Dancing Tango* Kathy Davis, 2015-01-02 Argentinean tango is a global phenomenon Since its origin among immigrants from the slums of Buenos Aires and Montevideo it has crossed and re crossed many borders Yet never before has tango been danced by so many people and in so many different places as today Argentinean tango is more than a specific music and style of dancing It is also a cultural imaginary which embodies intense passion hyper heterosexuality and dangerous exoticism In the wake of its latest revival tango has become both a cultural symbol of Argentinean national identity and a transnational cultural space in which a modest yet growing number of dancers from different parts of the globe meet on the dance floor Through interviews and ethnographical research in Amsterdam and Buenos Aires Kathy Davis shows why a dance from another era and another place appeals to men and women from different parts of the world and what happens to them as they become caught up in the tango salon culture She shows how they negotiate the ambivalences contradictions and hierarchies of gender sexuality and global relations of power between North and South in which Argentinean tango is and has always been embroiled Davis also explores her uneasiness about her own passion for a dance which when seen through the lens of contemporary critical feminist and postcolonial theories seems at best odd and at worst disreputable and even a bit shameful She uses the disjuncture between the incorrect pleasures and complicated politics of dancing tango as a resource for exploring the workings of passion as experience as performance and as cultural discourse She concludes that dancing tango should be viewed less as a love hate embrace with colonial overtones than a passionate encounter across many different borders between dancers who share a desire for difference and a taste of the elsewhere *Dancing Tango* is a vivid intriguing account of an important global cultural phenomenon **Ethnic and Minority Cultures as Tourist Attractions** Anya

Diekmann, Melanie K. Smith, 2015 This book focuses on ethnic and minority communities in urban contexts and the ways in which their cultures are represented in tourism development It offers a multi disciplinary approach which draws on examples and case studies of ethnic and minority communities and cultural tourism development from all around the world including slums in India favelas in Brazil Chinatowns in Australia Jewish quarters in Central and Eastern Europe ethnic villages in China the African district of Brussels the gay quarter in Cape Town and a desert town in Israel It offers a positive perspective on ethnic and minority cultures and communities at a time when social and political support is lacking in many countries This book will be a useful resource for those studying and researching cultural and urban tourism urban planning and development community studies and urban and cultural geography
