1.2 Refer to the case study on Saffron below and answer the questions.

Case study

SAFFRON – SA poised to become big player in saffron market.

It is in place that could see South Africa becoming a significant player in the farming and export of saffron – by far the world's most expensive spice. For the South African, this is a new area of foreign investment, and one that is being explored by the government.

Calvinia and Wilton in the Northern Cape have been growing saffron in local conditions for the last few years.

According to the managing director of Universal Agrochems (UAC), says, as a partner of Saffron, they foresee a huge potential for saffron farming in South Africa. He believes it offers an ideal opportunity – not only for existing commercial farmers, but also for the development of small-scale emerging farmers – and, as such, will assist in addressing the country's high unemployment. The outgrowing (contract grower) system will uplift especially rural communities and give them a means to not only provide for their basic necessities, but also assist them to establish their own businesses with good growth possibilities.

In South Africa, saffron (sometimes referred to as "red gold") retails for as much as R250/g (or R250 000/kg). Adapted from <https://www2.co.za/saffron-afriky/> [Accessed 28 May 2021]
