*Finnish Lessons 2.0* Pasi Sahlberg, 2014-02-01 Pasi Sahlberg has thoroughly updated his groundbreaking account of how Finland built a world class education system during the past four decades In this international bestseller Sahlberg traces the evolution of Finnish education policies and highlights how they differ from the United States and much of the rest of the world Featuring substantial additions throughout the text Finnish Lessons 2.0 demonstrates how systematically focusing on teacher and leader professionalism building trust between the society and its schools and investing in educational equity rather than competition choice and other market based reforms make Finnish schools an international model of success This second edition details the complexity of meaningful change by examining Finland's educational performance in light of the most recent international assessment data and domestic changes

A University Education David Willetts, 2017-11-17

Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In *A University Education* David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework
