### Open-Ended Probability Questions **ANSWER KEY**

---

1. Draw shapes in the bag below so that the probability of pulling out various items is:

|           |                                              |
|-----------|----------------------------------------------|
| Heart:    | 4 out of 10                                  |
| Star:     | Less than the probability of pulling a heart |
| Triangle: | Half of the probability of pulling a heart   |
| Square:   | At least 1 out of 10                         |

\*Hint: there don't have to be ten shapes in the bag just because the probability is given as a fraction out of ten

\*There are multiple possible answers. Here are two possibilities:

| ANSWER 1 - Most Common                                                                                                             | ANSWER 2                                                                                                                                                                             |
