MAMA'S PUTTING YOU UP ON GAME Grace Chang Piggue, 2023-02-24 Mama s Putting You Up on Game From uncomfortable topics like sex drinking and relationships Grace Chang Piggue speaks to you straight up as if you are one of her own daughters and brings up real life trials she faced such as living as an immigrant to high school heartbreaks Born in Toronto Canada yet raised in the City of Angels she bluntly talks about her childhood to her high school graduation at Bellflower High School and how her core foundation kept her anchored in God She keeps it one hundred and puts herself out there as she is continuously learning to be a parent through her faith and obedience in Jesus Christ She wrote this memoir especially for her daughters to put them up on game which in turn became a healing movement and turned her testimony into His ministry

Fall Down 7 Times, Get Up 8 Debbie Silver, 2012-05-22 In today s educational setting there seems to be a universal call for student engagement The topic of student motivation is foremost in almost every attempt at educational reform Recent research on the topics of motivation self efficacy attribution theory implicit personality

theory goal orientation and resiliency has provided new insights about the malleability of mindsets in learners. Appropriate challenges and feedback seem to be the key factors in determining whether a student gives up or perseveres towards an objective. This book is written for teachers, parents, and other student advocates who want to help students become autonomous, enthusiastic, lifelong learners. The purpose of this book is to inform adults about motivational theory and more importantly to give them concrete, applicable guidelines along with specific examples about what to say and what not to say to learners. The title *Fall Down 7 Times Get Up 8* implies that failure is not only a possibility; it is a very concrete way of gaining ground. The author aims to change the conversation from today's "Failure is not an option." We can utilize what seems to be failure as the next logical step towards one's goals. Students need to be taught to view failure as a temporary glitch and a step towards success rather than as a permanent state of being. In layman's terms, the author explains the research behind her ideas while offering down-to-earth, often humorous, real-life examples.
