Nathan Taber, 2011 AQA Economics Student Guide 2: The national economy in a global context Ray Powell, James Powell, 2016-04-18 Exam Board AQA Level AS A level Subject Economics Written by experienced authors Ray and James Powell this Student Guide for Economics focuses on the key topics of economic performance and macroeconomic policy in a global context The first section Content Guidance summarises content needed for the exams with knowledge check questions throughout The second section Questions and Answers provides samples of different questions and student answers with examples of how many marks are available for each question Students can Identify key content for the exams with our concise summary of topics Find out what examiners are looking for with our Questions and Answers section Test their knowledge with rapid fire questions and answers Avoid common pitfalls with clear definitions and exam tips throughout Reinforce their learning with bullet list summaries at the end of each section Intermediate Microeconomics Steve Erfle, 2017-09-14 The overarching premise of this text is that microeconomics is most effectively learned in an active learning interactive environment Students have access to more than 200 Interactive Excel Figures in the online text that allow them to move the graphs using sliders and click boxes This interactivity helps students understand how graphic elements relate to one another These files do not require knowledge of Excel More figures than are typical and many of the figures involve multiple scenarios of the same basic graph Often the text employs interactive questions that require interpreting these scenarios questions posed are answered at the bottom of the page Despite the geometric orientation this text is not light on algebraic analysis The geometry is backed up by the relevant algebra More than 500 equations are numbered for easy reference both within and across chapters And just like the geometry the algebra is essentially error free because it was used to create the graphs The geometric orientation is perfect for the non calculus enhanced classroom but the text can be readily used in a calculus based class because a calculus treatment of the material is provided in appendices and endnotes and calculus based problems are included in the Intermediate Microeconomics An Interactive Approach Workbook **Research in Education**, 1974 Resources in Education, 1995 **Oswaal CTET (Central Teachers Eligibility Test) Paper-II | Classes 6 - 8 | 15 Year's Solved Papers | Social Science and Studies | Yearwise | 2013 - 2024 | For 2024 Exam**
