## Grade English Home Language Paper 1:

**X-Kit FET Grade 11&12 English Home Language** Bonnie Goshier, Syd Goshier, 2007      **Preparation Master CTET Paper 1 Book : Primary Teachers Class 1-5 (English Edition) - 24 Solved Papers (Previous Year Papers) with Free Access to Online Tests** EduGorilla Prep Experts,      **Teaching Learners with Visual Impairment** Maximus M.

Sefotho, Ronél Ferreira, 2020-12-31 This book *Teaching Learners with Visual Impairment* focuses on holistic support to learners with visual impairment in and beyond the classroom and school context. Special attention is given to classroom practice, learning support, curriculum differentiation and assessment practices to mention but a few areas of focus covered in the book. In this manner, this book makes a significant contribution to the existing body of knowledge on the implementation of inclusive education policy with learners affected by visual impairment.

**Active Learning**, 2022-12-14 This book provides theoretical answers, applied methodological models and didactic experiences that seek to reflect and analyze the potentialities and challenges of the active learning concept in STEAM disciplines and social sciences education. It also contributes to the understanding, intervention and resolution of contemporary social problems and to the United Nations Sustainable Development Goals through the design, implementation and evaluation of educational programs that incorporate integrated active learning as one of its explanatory axes.

**Resources in Education**, 2001      *The Next Phase in Heritage Language Studies: Methodological Considerations and Advancements* Fatih Bayram, Maki Kubota, Sergio Miguel Pereira Soares, 2024-03-27 Over the past three decades, studies investigating heritage speaker HS linguistic competencies have shown time and again that despite being L1 or 2L1 native speakers of their home language, HS outcomes display variation across a wide spectrum of differences as compared to each other, other types of bilinguals as well as their monolingual peers. Studies have traditionally used mostly behavioral methodologies rooted in adjacent established fields, e.g. L1 acquisition, adult L2 acquisition, offering in addition to documenting and describing HS performance, important insights for linguistic theory and challenges related to home minority language maintenance, contact policy and more. A birds-eye view makes it clear that the methodologies one uses to tap into HSs' linguistic knowledge areas, if not more, are important than the phenomena under investigation, especially in light of how their unique experiences with their heritage and other languages are present across a continuum.

**The Politics of English Language Education and Social Inequality** Maya Kalyanpur, Padmini Bhuyan Boruah, Sarina Chugani Molina, Sunaina Shenoy, 2022-12-30 Based on policy analysis and empirical data, this book examines the problematic consequences of colonial legacies of language policies and English language education in the multilingual contexts of the Global South. Using a postcolonial lens, the volume explores the raciolinguistics of language hierarchies that results in students from low-income backgrounds losing their mother tongues without acquiring academic fluency in English. Using findings from five major research projects, the book analyzes the specific context of India where ambiguous language policies have led to uneasy tensions between the colonial language of English, national and state languages and students.

linguistic diversity is mistaken for cognitive deficits when English is the medium of instruction in schools The authors situate their own professional and personal experiences in their efforts at dismantling postcolonial structures through reflective practice as teacher educators and present solutions of decolonial resistance to linguistic hierarchies that include critical pedagogical alternatives to bilingual education and opportunities for increased teacher agency Ultimately this timely volume will appeal to researchers scholars academics and students in the fields of international and comparative education English and literacy studies and language arts more broadly Those interested in English language learning in low income countries specifically will also find this book to be of benefit to their research
