Race and Education in New Orleans Walter Stern, 2018-05-04 Surveying the two centuries that preceded Jim Crow's demise *Race and Education in New Orleans* traces the course of the city's education system from the colonial period to the start of school desegregation in 1960 This timely historical analysis reveals that public schools in New Orleans both suffered from and maintained the racial stratification that characterized urban areas for much of the twentieth century Walter C Stern begins his account with the mid eighteenth century kidnapping and enslavement of Marie Justine Sirnir who eventually secured her freedom and played a major role in the development of free black education in the Crescent City As Sirnir's story and legacy illustrate schools such as the one she envisioned were central to the black antebellum understanding of race citizenship and urban development Black communities fought tirelessly to gain better access to education which gave rise to new strategies by white civilians and officials who worked to maintain and strengthen the racial status quo even as they conceded to demands from the black community for expanded educational opportunities The friction between black and white New Orleanians continued throughout the nineteenth century and well into the twentieth when conflicts over land and resources sharply intensified Stern argues that the post Reconstruction reorganization of the city into distinct black and white enclaves marked a new phase in the evolution of racial disparity segregated schools gave rise to segregated communities which in turn created structural inequality in housing that impeded desegregation's capacity to promote racial justice By taking a long view of the interplay between education race and urban change Stern underscores the fluidity of race as a social construct and the extent to which the Jim Crow system evolved through a dynamic though often improvisational process A vital and accessible history *Race and Education in New Orleans* provides a comprehensive look at the ways the New Orleans school system shaped the city's racial and urban landscapes

*The Tumultuous Politics of Scale* Donald M. Nonini, Ida Susser, 2020-01-23 Contemporary politics this book contends depend upon the turbulent struggles and strategies around scale Conflicts over scale can be seen as opaque class struggles Political projects whether from the ground up or representing corporate or state interests continually contest the scale at which authority is vested This volume looks at the way global corporations redefine the scale of power and how working class and other movements build alliances and cross

scales to develop political blocs What injustices are perpetrated or more hopefully redressed in this process The book consisting of contributions from anthropologists geographers and cultural studies scholars explores theoretical issues around contested temporal and spatial scales and around variations in scale from the body to the global Part I focuses on bodies in motion entangled in battles over new boundaries and political coalitions and the ways in which migrants and refugees are disrupted by intersecting time scales Part II on the nation state addresses the shifting responsibilities assigned by law at different historical moments and the impact of global energy trade on national austerity policies Part III on rescaling sovereignty discusses the misleading media discourse on Brexit and reconstructs the class bases of the move to the Right in Eastern Europe that threaten the EU Part IV on the histories of changing scales of movements revisits historical debates on uneven and combined development and sets out the transnational labor movements of the eighteenth and nineteenth century Atlantic which prefigure contemporary struggles of labor in a world which is still one of uneven and combined capitalist development Finally Part V considers ways in which some social movements are constrained by scale while others reshape parties and traverse nations in their efforts to build class alliances and political blocs
