Literacy Essentials Regie Routman, 2023-10-10

In her practical and inspirational book *Literacy Essentials: Engagement, Excellence, and Equity for All Learners*, author Regie Routman guides K-12 teachers to create a trusting, intellectual, and equitable classroom culture that allows all learners to thrive as self-directed readers, writers, thinkers, and responsible citizens. Over the course of three sections, Routman provides numerous Take Action ideas for implementing authentic and responsive teaching, assessing and learning. This book poses a key question: How do we rise to the challenge of providing an engaging, excellent, equitable education for all learners, including those from high poverty and underserved schools?

Teaching for Engagement: Many high performing schools are characterized by a thriving school culture built on a network of authentic communication. Teachers can strengthen classroom engagement by building a trusting and welcoming environment where all students can have a safe and collaborative space to grow and develop.

Pursuing Excellence: Routman identifies 10 key factors that describe an excellent teacher, ranging from intellectual curiosity to creativity, and explains how carrying yourself as a role model contributes to an inclusive, caring, empathic, and fair classroom. She also stresses the importance for school leaders to make job-embedded professional development a top priority.

Dismantling Unequal Education: The huge gap in the quality of education in high vs. low income communities is the civil rights issue of the 21st century, according to Routman. She spells out specific actions educators can take to create more equitable schools and classrooms, such as diversifying texts used in curriculums and ensuring all students have access to opportunities to discuss, reflect, and engage with important ideas.

From the author: I wrote *Literacy Essentials* because I saw a need to simplify teaching, raise expectations, and make expert teaching possible for all of us. I saw a need to emphasize how a school culture of kindness, trust, respect, and curiosity is essential to any lasting

achievement I saw a need to demonstrate and discuss how and why the beliefs actions knowledge we hold determine the potential for many of our students Equal opportunity to learn depends on a culture of engagement and equity which underlies a relentless pursuit of excellence

his findings to what is really happening in today's schools. A Promise of Success: A Guide to Raising African American Males for Academic Achievement and Beyond Pasquale De Marco, 2025-07-20. In a society where African American males face significant challenges, this book offers a beacon of hope and inspiration. It tells the stories of young Black men who have beaten the odds and achieved academic success and it reveals the secrets to their success. Through in-depth interviews with parents and children, this book identifies six essential strategies that contribute to academic achievement among African American males:

1. Child focused love: Parents who show their sons unconditional love and support create a foundation for success. They are there for their sons through the good times and the bad, providing a safe and nurturing environment.

3. Continually high expectations: Parents who have high expectations for their sons and communicate those expectations clearly help their sons develop a strong work ethic and a belief in their own abilities. They encourage their sons to challenge themselves and to never give up on their dreams.
4. Open consistent and strong communication: Parents who communicate openly and honestly with their sons help them build strong relationships and trust. They are there to listen to their sons' concerns and to offer guidance and support.
5. Positive racial identity and positive male identity: Parents who help their sons develop a positive racial identity and a positive male identity help them to feel good about themselves and to be proud of who they are. They teach their sons about their history and culture and help them to develop a sense of self-worth.
6. Full use of community resources: Parents who take advantage of community resources can provide their sons with additional support and opportunities. This may include enrolling their sons in after-school programs, connecting them with mentors, or seeking out financial assistance.
