Jeremy Treglown,2019-04-23 A monumental reevaluation of the career of John Hersey the author of *Hiroshima* Few are the books with as immediate an impact and as enduring a legacy as John Hersey's *Hiroshima* First published as an entire issue of *The New Yorker* in 1946 it was serialized in newspapers the world over and has never gone out of print By conveying plainly

the experiences of six survivors of the 1945 atomic bombing and its aftermath Hersey brought to light the magnitude of nuclear war And in his adoption of novelistic techniques he prefigured the conventions of New Journalism But how did Hersey who was not Japanese not an eyewitness not a scientist come to be the first person to communicate the experience to a global audience In *Mr Straight Arrow* Jeremy Treglown answers that question and shows that Hiroshima was not an aberration but was emblematic of the author's lifework By the time of Hiroshima's publication Hersey was already a famed war writer and had won a Pulitzer Prize for Fiction He continued to publish journalism of immediate and pressing moral concern his reporting from the Freedom Summer and his exposés of the Detroit riots resonate all too loudly today But his obsessive doubts over the value of his work never ceased *Mr Straight Arrow* is an intimate exacting study of the achievements and contradictions of Hersey's career which reveals the powers of a writer tirelessly committed to truth and social change
