Museums have long sought to maintain relevance in the daily lives of their communities. Over the past several decades, museums have shifted as a field from a focus on collections to a focus on connecting with audiences. More recently, museums must confront political polarization and a decreasing sense of trust in nearly every public institution. As a result, few institutions are better positioned to serve the country than museums. In fact, polls show that museums rank among the most trusted institutions in the country regardless of political belief. During tumultuous times, this trust means that museums have a unique and important responsibility to fulfill their civic mission. A century ago, John Cotton Dana argued that the most important thing a museum can do is produce a public benefit. The Civic Mission of Museums argues that museums play an essential role in the cultivation of engaged and informed citizens. The book outlines a spectrum of civic learning that includes civic knowledge, civic mindset, civic skillset, and civic action. It offers concrete examples of impactful civic programming, exhibits, and public engagement from a diverse set of museums. It ends with a practical toolkit gleaned from across the country for museum professionals to utilize. **Educational Specifications and User Requirements for Intermediate Schools** Metropolitan Toronto School Board. The Clan of Near the Mountain People Lorraine D. Yazzie, 2009-10-05 The driving force that compelled me to write this book, I would say, is my love for my late grandmother, Kezbah Yazzie. I had promised her that I would keep her story alive, and since I could not memorize thirteen chapters by rote like she did, the only other way to preserve it was to write it into a book. Writing this book

has positively broadened my mind It took effort and determination I learned that how smart you are is not a factor for self esteem I encourage anyone who has a dream to pursue it Use the negative experiences in your life to help others It will definitely charge up a positive life for you
