The Rhetorical Road to Brown v. Board of Education Wanda Little Fenimore, 2023-04-21 As early as 1947 Black parents in rural South Carolina began seeking equal educational opportunities for their children After two unsuccessful lawsuits these families directly challenged legally mandated segregation in public schools with a third lawsuit in 1950 which was eventually decided in Brown v Board of Education Amidst the Black parents resistance Elizabeth Avery Waring a twice divorced northern socialite and her third husband federal judge J Waties Waring launched a rhetorical campaign condemning white supremacy and segregation In a series of speeches the Warings exposed the incongruity between American democratic ideals and the reality for Black Americans in the Jim Crow South They urged audiences to pressure elected representatives to force southern states to end legal segregation Wanda Little Fenimore employs innovative research methods to recover the Warings speeches that said the unsayable about white supremacy When the couple poked at the contradiction between segregation and all men are created equal white supremacists pushed back As a result the couple received both damning and congratulatory letters that reveal the terms upon which segregation was defended and the reasons those who opposed white supremacy remained silent Using rich archival materials Fenimore crafts an engaging narrative that illustrates the rhetorical context from which Brown v Board of Education arose and dispels the notion that the decision was inevitable The first full length account of the Warings rhetoric this multilayered story of social progress traces the symbolic battle that provided a locus for change in the landmark Supreme Court decision

Dangerous Allies Malcolm Fraser, Cain Roberts, 2016-04-12 Australia has always been reliant on great and powerful friends for its sense of national security and for direction on its foreign policy first on the British Empire and now on the United States Australia has actively

pursued a policy of strategic dependence believing that making a grand bargain with a powerful ally was the best policy to ensure its security and prosperity Dangerous Allies examines Australia s history of strategic dependence and questions the continuation of this position It argues that international circumstances in the world and in the Western Pacific especially now make such a policy highly questionable Since the fall of the Soviet Union the United States has also changed dramatically making it less relevant to Australia and a less appropriate ally on which Australia should rely Malcolm Fraser argues that Australia should adopt a much greater degree of independence in foreign policy and that we should no longer merely follow other nations into wars of no direct interest to Australia or Australia s security He argues for an end to strategic dependence and for the timely establishment of a truly independent Australia Al-Qaeda & Islamic State: History, Doctrine, Modus
