### 1. SAFETY INSTRUCTIONS

- ✓ Familiarise yourself with the application, limitations and potential hazards of the puller.
- ❑ **WARNING!** Hand power pullers are not designed or certificated for lifting or slinging loads. They are intended only as pulling/tensioning devices and must only be used as such, with care.
- ✓ Ensure the puller is maintained in a safe working condition. Inspect the cable regularly. Check for fraying, kinks, broken strands or distortion. Check all component parts, do not use if damaged but contact an authorised service agent.
- ❑ **WARNING!** Ensure you know how much load you are pulling. Never exceed the maximum pulling capacity. Take into account any angle of incline over which the load must be pulled. Also account for pulling loads from thick mud, or through snow or water. Check the wheels of vehicles to be winched and only then release any brakes and place gears in neutral. Ensure the load is capable of free movement before pulling. Take up the strain on the puller before removing the wheel chocks from a vehicle.
- ✓ If necessary fit an adequate sling, eyebolt or other accessory to the load. Ensure that accessories are equal to, or exceed maximum capacity of puller.
- ✓ Ensure that there is positive engagement of the puller hooks with the load and anchor point before pulling. Also ensure that the safety latches on all hooks are correctly closed against the hook points.
- ✓ Maintain correct balance and footing whilst using the puller.
- ✓ Remove ill fitting clothing. Remove ties, watches, rings and other loose jewellery and contain and/or tie back long hair.
- ✓ Keep children and non-essential persons away from the operating area. Be aware of the location of other persons assisting you.
- ✓ Take necessary precautions to protect your personal safety whilst using the puller.
- ✓ Apply even and steady pressure to the handle when releasing the tension from the load.
- ✗ **DO NOT** operate the puller if any parts are damaged or missing as this may cause failure and/or personal injury.
- ❑ **WARNING!** **DO NOT** exceed the maximum pulling capacity.
- ❑ **WARNING!** **DO NOT** use the puller as a lifting device. **DO NOT** use the puller for any purpose other than that for which it is designed.
- ✗ **DO NOT** pull the cable over or around a corner.
- ✗ **DO NOT** wrap cable around any object or hook the cable back on to itself.
- ✗ **DO NOT** operate the puller with less than three wraps of cable on the spindle.
- ✗ **DANGER! DO NOT** use a "cheater" pipe, lever, or other device to lengthen the handle for additional leverage, as the pulley may fail, causing damage and/or personal injury.
- ✗ **DO NOT** operate the puller if you are tired or under the influence of alcohol, drugs or intoxicating medication.
- ✗ **DO NOT** move the handle abruptly when releasing the tension from the load.
- ✓ Keep the puller clean and store in a safe, dry, childproof location when not in use.
