"The Metamorphosis " by Franz Kafka

One morning, when Gregor Samsa woke from troubled dreams, he found himself transformed in his bed into a horrible vermin. He lay on his armour-like back, and if he lifted his head a little he could see his brown belly, slightly domed and divided by arches into stiff sections. The bedding was hardly able to cover it and seemed ready to slide off any moment. His many legs, pitifully thin compared with the size of the rest of him, waved about helplessly as he looked.

"The Turn of the Screw" by Henry James

The story had held us, round the fire, sufficiently breathless, but except the obvious remark that it was gruesome, as, on Christmas Eve in an old house, a strange tale should essentially be, I remember no comment uttered till somebody happened to say that it was the only case he had met in which such a visitation had fallen on a child.

The Russian Revolutionary Novel Richard Freeborn, 1985-02-28 Professor Freeborn's book is an attempt to identify and define the evolution of a particular kind of novel in Russian and Soviet literature the revolutionary novel This genre is a uniquely Russian phenomenon and one that is of central importance in Russian literature The study begins with a consideration of Turgenev's masterpiece *Fathers and Children* and traces the evolution of the revolutionary novel through to its most important development a century later in Pasternak's *Doctor Zhivago* and the emergence of a dissident literature in the Soviet Union Professor Freeborn examines the particular phases of the genre's development and in particular the development after 1917 the early fiction which explored the relationship between revolution and instinct such as Pilnyak's *The Naked Year* the first attempts at mythmaking in Leonov's *The Badgers* and Furmanov's *Chapayev* the next phase in which novelists turned to the investigation of ideas exemplified most notably by Zamyatin's *We* the resumption of the classical approach in such works as Olesha's *Envy* which explore the interaction between the individual and society and finally the appearance of the revolutionary epic in Gorky's *The Life of Klim Samgin* Sholokhov's *Quiet Flows the Don* and Alexey Tolstoy's *The Road to Calvary* Professor Freeborn also examines the way this kind of novel has undergone change in response to revolutionary change and he shows how an important feature of this process has been the implicit assumption that the revolutionary novel is distinguished by its right to pass an objective independent judgement on revolution and the revolutionary image of man This is a comprehensive and challenging study of a uniquely Russian tradition of writing which draws on a great range of novels many of them little known in the West As with other titles in this series all quotations have been translated

A Critical Introduction to Translation Studies Jean Boase-Beier, 2011-04-07 Jean Boase Beier's Critical Introduction To Translation

Studies demonstrates a keen understanding of theoretical and practical translation It looks to instances where translation might not be straightforward where stylistics play an important role Examples are discussed from works of literature advertisements journalism and others where effects on the reader are central to the text and are reflected in the style It begins by setting out some of the basic problems and issues that arise in the study of translation such as the difference between literary and non literary translation the role of language content and style the question of universals and specifics in language and the notion of context The book then goes on to focus more closely on style and how it enables us to characterise literary texts and literary translation The final part looks at the translation of poetry Throughout it is conscious of the relationship between theory and practice in translation This book offers a new approach to translation grounded in stylistics and it will be an invaluable resource for undergraduates and postgraduates approaching translation studies *The Publishers Weekly*, 1875

Novel Practices Eugene Goodheart, 2019-01-22 An important debate in modern literary criticism concerns the exact relationship between the ancient epic and the novel Both the epic and the most ambitious modern novels are large scale attempts to present a comprehensive view of the world through the experience of a representative hero However in the older tradition the hero stood for the aspirations and highest ideals of his society The protagonist of the modern novel is usually at odds with that society whether as exile active rebel or antagonistic critic In *Novel Practices* the distinguished literary scholar Eugene Goodheart surveys a representative selection of modern novelists tracing how the epic impulse has been reshaped under the conditions of modernity *The Athenaeum*, 1901

The Novel: An Alternative History, 1600-1800 Steven Moore, 2013-08-29 Winner of the Christian Gauss Award for excellence in literary scholarship from the Phi Beta Kappa Society Having excavated the world's earliest novels in his previous book literary historian Steven Moore explores in this sequel the remarkable flowering of the novel between the years 1600 and 1800 from *Don Quixote* to America's first big novel an homage to Cervantes entitled *Modern Chivalry* This is the period of such classic novels as *Tom Jones* *Candide* and *Dangerous Liaisons* but beyond the dozen or so recognized classics there are hundreds of other interesting novels that appeared then known only to specialists Spanish picaresques French heroic romances massive Chinese novels Japanese graphic novels eccentric English novels and the earliest American novels These minor novels are not only interesting in their own right but also provide the context needed to appreciate why the major novels were major breakthroughs The novel experienced an explosive growth spurt during these centuries as novelists experimented with different forms and genres epistolary novels romances Gothic thrillers novels in verse parodies science fiction episodic road trips and family sagas along with quirky unclassifiable experiments in fiction that resemble contemporary avant garde works As in his previous volume Moore privileges the innovators and outriders those who kept the novel novel In the most comprehensive history of this period ever written Moore examines over 400 novels from around the world in a lively style that is as entertaining as it is informative Though written for a general audience *The Novel An*

Booklist Strolling in the Ruins Faith Smith,2023-02-20 In *Strolling in the Ruins* Faith Smith engages with a period in the history of the Anglophone Caribbean often overlooked as nondescript quiet and embarrassingly pro imperial within the larger narrative of Jamaican and Trinidadian nationalism Between the 1865 Morant Bay Rebellion and World War I British imperialism was taken for granted among both elites and ordinary people while nationalist discourses would not begin to shape political imagination in the West Indies for decades Smith argues that this moment far from being uneventful disrupts the inevitability of nationhood in the mid twentieth century and anticipates the Caribbean s present day relationship to global power Smith assembles and analyzes a diverse set of texts from Carnival songs poems and novels to newspapers photographs and gardens to examine theoretical and literary historiographic questions concerning time and temporality empire and diaspora immigration and indigeneity gender and the politics of desire Africa s place within Caribbeanist discourse and the idea of the Caribbean itself Closely examining these cultural expressions of apparent quiescence Smith locates the quiet violence of colonial rule and the insistence of colonial subjects on making meaningful lives

Waiting for the End Earl G. Ingersoll,2007 *Waiting for the End* examines two dozen contemporary novels within the context of a half century of theorizing about the function of ending in narrative That theorizing about ending generated a powerful dynamic a quarter century ago with the advent of feminist criticism of masculinist readings of the role played by ending in fiction Feminists such as Theresa de Lauretis in 1984 and more famously Susan Winnett in her 1991 PMLA essay *Coming Unstrung* were leading voices in a swelling chorus of theorist pointing out the masculinist bias of ending in narrative With the entry of feminist readings of ending it became inevitable that criticism of fiction would become gendered through the recognition of difference transcending a simple binary of female male to establish a spectrum of masculine to feminine endings regardless of the sex of the writer Accordingly *Waiting for the End* examines pairs of novels one pair by Margaret Atwood and one by Ian McEwan to demonstrate how a writer can offer endings at either end of the gender spectrum

The importance of being a reader: A revision of Oscar Wilde's works Cristina Pascual Aransáez,2014-09-01 This book explores Wilde s works from the hypothesis that they call upon the active participation of the reader in the production of meaning It has a twofold objective first it shows that Wilde s emphasis on the creative role of the audience in his critical writings makes him conceive the reader as a co creator in the construction of meaning Second it analyses the strategies which Wilde employs to impel the reader to collaborate in the creation of meaning of his literary works and casts light upon the social criticism derived from these The examination of Wilde s writings reveals how he gradually combined more sophisticated techniques that encouraged the reader s dynamic role with the progressive exploitation of self advertising strategies for professional purposes These allowed the commercial Oscar to make his works successful among the Victorian public without betraying

the literary Wilde's aesthetic principles The present study re-evaluates Wilde as a critic and as a writer It demonstrates that while Wilde the myth was ahead of his time in many ways Wilde the ARTIST anticipated in his aesthetic theory various themes which occupy contemporary literary theoreticians Thus it may contribute to give him the status he rightly deserves in the history of literature
