

QUESTION: Explain the relationship between a child's social background knowledge and their understanding of literacy
ANSWER: When we think about literacy, we are talking about the ability to read and write. But literacy is not just about the physical act of reading and writing. It is also about the knowledge and skills that a child needs to be able to understand and use literacy.
There are two main types of knowledge that are important for literacy:

PHASE	CHILDREN	ADULTS	TEACHERS
RECOGNITION	Children recognize the letters and words that are used in literacy.	Adults recognize the letters and words that are used in literacy.	Teachers recognize the letters and words that are used in literacy.
UNDERSTANDING	Children understand the meaning of the letters and words that they recognize.	Adults understand the meaning of the letters and words that they recognize.	Teachers understand the meaning of the letters and words that they recognize.
APPLICATION	Children use the letters and words that they recognize to read and write.	Adults use the letters and words that they recognize to read and write.	Teachers use the letters and words that they recognize to read and write.
