Canonicity of the Scriptures R. Laird Harris,2008-09-01 In the modern debate on biblical interpretation and verbal inerrancy
this book gives weighty evidence for the historic Christian position that the Bible the sacred canon is the very truth of God
and that it can be interpreted understood and applied in our time The book considers the phenomena and data of the Bible
and finds them consistent with the teaching of Christ and the apostles that they are both true and meaningful in any culture
Inspiration of the Bible and the canonical status of its books are closely interrelated matters but the treatment of both
subjects in one volume is all to rare In the treatment of the canon the book quotes extensively from the sources the very early

Christian writers as well as recent finds the Dead Sea Scrolls and the books and papyri from Nag Hammadi in Egypt It combines the extensive historical evidence with the witness and claims of the Bible itself Reviews of the original work that it was well documented and thorough but profitable for any serious Christian layman are still applicable to the revised and updated edition **Linguistics and Biblical Hebrew** Walter Ray Bodine,1992 The essays in this volume arose out of the Society of Biblical Literature section on linguistics and Biblical Hebrew and have been selected to provide a summary and statement of the state of the question with regard to a number of areas of investigation The sixteen articles are organized into sections on phonology morphology syntax semantics discourse analysis historical comparative linguistics and graphemics
