This book is a fascinating compilation of some of her most popular miniatures projects first published in Dolls House and Miniature Scene magazine in the UK between about 2000 and 2010. They are aimed at a range of abilities from beginners to more advanced. Sue has always challenged the way polymer clays are used and most of the miniatures in this book are an exploration of other things besides food that you can make with these marvellous clays that can simulate so many materials to perfection.
