**Heaven Is Closer Than You Think** Fred Blom, 2022-03-16 This is a testimony of real life not games or movies The majority of the people in the world don't believe in the one and only God Then there are fewer who believe in Jesus Christ Of that group how many drift in and out of this commitment How many worship with their lips but not their hearts My parents and relatives fell into the group of there is no God just nature and the natural renewal of its cycle For me curiosity was the thing I had to know the beginning and end of everything step by step It's the way I am built I want every breath and every step I take to take me closer to Jesus Christ Walk with me and we will see how close heaven really is to us Run away with me and I bet we will run right into the hand of God I have done it a couple of times I want you to come with me Please it's important Why write this testimony of life Did I say Please come along with me Well we all have the happy and sad the hard and easy and the close to God whether we are aware of it or not and the far from God which we do not understand Just a few weeks ago I asked my Father in heaven if I should continue to write the first testimonials each month or perhaps even reveal the deep things that have helped me through life In the process and time of seven days I was shown how the hidden secrets of heaven work To me it's funny serious and truthful this simple thing connecting so many things together that have occurred in my life I work on my testimonial stories at night It was the hand of God that led me to do that no doubt and you will learn

that a little later There are always more people to give them to than I can accomplish Maybe I should put them in a book for everyone Father I don t have the time or know how I felt something like a tap on the back of my head when I prayed that I slapped my hand over my mouth trying to take it back at the same time I looked behind myself to see if something had fallen off the wall I stopped praying took a big sigh and went to sleep Why did I say too busy I wrestled all night with The secrets of heaven are my Lord Jesus Christ s but that which he gives us are ours For there is nothing covered that shall not be revealed neither hid that shall not be known Luke 12 2 I was referred to recently as the little lion that would not roar and the lost generation Then a voice stood up for me and said No this is the one who walks the dusty road I wanted to respond but I fell to the ground in weakness because of the awesomeness around me I was shown the loss of mankind and told to go forth with the testimony I was given I cry and pray with great supplication before the heavenly throne of our savior Jesus Christ I don t want anyone to be lost Love in Christ Fred     **I, Was Nothing - A Science-Fiction Pamphlet** Carine M.,2011-11     Faith Gartney's Girlhood A. Martin,2013-12-29 With their mission to rescue Jarrod s family now behind them the group finally has time to focus on other things like Jarrod s birthday learning more about their blue fin friends and expanding the boundaries of their relationships with one another However before they do all that they have a little unfinished business with Diedre the girl responsible for the suicide of Derek s brother After her violent and psychotic outburst during the sentencing phase of her trial the judge sent her to be held in a psych ward for evaluation and treatment Unfortunately for her when the people who have a grudge against you have the ability to go out of phase and walk through solid objects there s nowhere you can hide and no one who can save you from the consequences of your actions Also as their friendship with the blue fins continues to grow their blue fin friend Freddie expresses a desire to visit the human dimension Looking forward to the opportunity for a cultural exchange they re more than happy to oblige It

started off well enough but when Freddie shows an unbelievable capacity for learning and retaining new information they begin to realize that they may have inadvertently opened a Pandora's Box by exposing him to the wonders of the human world. Life on the island would no longer be enough for him leaving them all with some hard decisions to make not only about his future but the future of his people as well. Finally when portals begin to open on the blue fin island while the team are there installing a new solar power station for their friends a desperate fight ensues to stop the Agaronin from capturing themselves a new batch of slaves. While they were able to fend them off this time it quickly becomes obvious that for their own protection the formerly peaceful blue fins would have to be armed and then trained to defend themselves against the unpredictable threat. Fortunately the skills that Freddie learned while he was in the Human dimension would leave them in the hands of not only a capable trainer but someone who could turn them all into unstoppable killing machines.
