

Receiving A Phone Call

When you receive a call, users with handsets may just lift the receiver to answer the call. Users with no handset will use Lync to answer the call.

When you receive a call a small pop up will appear on the screen.

Clicking on the **Green Handset** icon will answer the call, clicking **Decline** will send the call to your voicemail.

Transferring A Phone Call

Once you have answered a call you may transfer the call to another number or user. When you have answered a call in Lync you will see this pop up:

Direct Transfer

A direct transfer is the transfer of a call to another user without announcing the call or speaking to the other party before connecting the two calls.

In Lync click on the transfer button 

From the options select **Another Person or Number**

At this point you have the option to choose from a contact already in your list, a number you know or type the name of the person you want to transfer the call to.

Once the call has been transferred you may close any open windows.
