*Miracles are Too Easy* Wayne Hilborn, 2020-05-21 A simple miracle you can do from a window is make a cloud vanish using only your mind while alone alone is important to prevent opposing thoughts We do not want someone else expecting the cloud to remain while you're expecting it to vanish These would be opposing thoughts and we can use less of that To be silent is that esoteric law This book is a practiced explanation and simplification of the entire manifesting process You will be doing large miracles after this pointedly short book You've learned cloudbusting alone in this description Go to a window and make a cloud vanish or do not This book can have you working miracles in the next few minutes if you can see a cloud from your window without reading the inside The miracles progress and the author has perfected working techniques that have manifested many interesting things For example the Dr Emoto inspired cooked rice love versus hate experiment This will cost you nothing if you use leftovers Just take equal amounts of cooked rice and place them in two separate jars Label one jar Love and name the other jar Hate Then as silly as it may seem to some you must then yell at the hated rice and praise the loved rice You stupid rice I hate you and I love you nice rice You look awesome It may seem ridiculous to try until you notice the hated rice has much MOLD at the end of the month MOLD Yuck So in a time of viruses isn't it nice to know our minds can heal rice from across the room and through glass teach your loved ones this now It is far sillier to not know our bodies can heal than to feel silly for talking to rice A guru cannot levitate inside a stadium filled with doubters You must do these small miracles yourself to understand your power and then work on amplifying it You do not need to believe me or buy this book

You can do those easy miracles and explain them to yourself This book is not dogma It is an intense tutorial on the workings of the universe all in less than 100 pages This book is pointedly short with little fluff You can read the free preview for more This is a manifesting guidebook and teach your family that thoughts can heal rice so they know thoughts may may may just help them also Namaste BBWayne      *The Universe Always Delivers Twice - Manifesting with Energy and the Law of Attraction* Sarah Hertz, 2022-01-15 Everything we experience in this world is energy and everything we experience has an energy in it If you understand the language of energy you can change everything This book is about the energy that you can use to create your life Many spiritual books often leave out the most important tool in manifesting energy Each of us has manifestation powers you just need to learn to use them within the framework of the 12 Laws of the Universe and most importantly speak the same language as the Universe In this book the author shows you how to use the infinite energy of the universe to manifest and make wishes to the universe If you are wondering why you have not been able to create miracles so far you will learn about the influence of the development of your consciousness how energetic blockages can sabotage your wishes and above all how you can dissolve them in minutes The book contains many practical exercises that will enable you to better understand the language of the universe and proven tricks to manifest faster You ll also learn why the universe doesn t know time how to stretch time and how to program a new future The book concludes with a 21 day Miracle Challenge that gives you the opportunity to exercise your manifestation muscles You will make a wish to the universe every day for three weeks and practice manifesting with energy When your energetic level is right you can achieve your goals much easier It s no secret that when you are in flow and full of energy you can almost automatically manifest more money love a thriving business or other miracles in your life You dive into a universe full of energy and choose the miracles that already exist as a possibility by simply asking for it and choosing that miracle In this book you will discover a new way of manifesting and learn to playfully use energetic frequencies to attract your desires from the universe You learn how to attract the right circumstances people and opportunities into your life to conjure small and big miracles into your everyday life You ll find out for yourself in the end the universe always delivers twice Now dive into the world of energy and learn to use the magic you had as a child again Welcome to the school for miracle makers What is possible that you think isn t that if you allowed the possibilities to happen would change everything Read the book and find out
