**Turning Pointe** Chloe Angyal, 2021-05-04 A reckoning with one of our most beloved art forms whose past and present are shaped by gender racial and class inequities and a look inside the fight for its future Every day in dance studios all across America legions of little children line up at the barre to take ballet class This time in the studio shapes their lives instilling lessons about gender power bodies and their place in the world both in and outside of dance In Turning Pointe journalist Chloe Angyal captures the intense love for ballet that so many dancers feel while also grappling with its devastating shortcomings the power imbalance of an art form performed mostly by women but dominated by men the impossible standards of beauty and thinness and the racism that keeps so many people of color out of ballet As the rigid traditions of ballet grow increasingly out of step with the modern world a new generation of dancers is confronting these issues head on in the studio and on stage For ballet to survive the twenty first century and forge a path into a more socially just future this reckoning is essential

*Catalogue of the Educational Division of the South Kensington Museum. Fourth edition* Victoria and Albert Museum, 1860

**Aviation Law: Cases, Laws and Related Sources** Paul B. Larsen, John Gillick, Joseph

Sweeney,2012-06-07 Written in the context of the post 9 11 legal climate this text introduces all the major areas of aviation covering such topics as the international air law regime crimes involving aircraft international air carriage litigation management and governmental immunity from liability     *Decennial Edition of the American Digest* ,1922     *Prodigals and Pilgrims* Jay Fliegelman,1982 The author traces a constellation of intimately related ideas about the nature of parental authority and filial rights of moral obligation of Scripture of the growth of the mind and the nature of historical progress from their most important English and continental expressions in a variety of literary and theological texts to their transmission reception and application in Revolutionary America and in the early national period of American culture     **Handbook of Academic Integrity** Sarah Elaine Eaton,2023-12-04 The book brings together diverse views from around the world and provides a comprehensive overview of academic integrity and how to create the ethical academy At the same time the Handbook does not shy away from some of the vigorous debates in the field such as the causes of academic integrity breaches There has been an explosion of interest in academic integrity in the last 20 30 years New technologies that have made it easier than ever for students to cut and paste coupled with global media scandals of high profile researchers behaving badly have resulted in the perception that plagiarism is on the rise This in combination with the massification and commercialisation of higher education has resulted in a burgeoning interest in the importance of academic integrity how to safeguard it and how to address breaches appropriately What may have seemed like a relatively easy topic to address students copying sources without attribution has in fact turned out to be a complex interdisciplinary field of research requiring contributions from linguists psychologists social scientists anthropologists teaching and learning specialists mathematicians accountants medical doctors lawyers and philosophers to name just a few Because of this broad interest and input this handbook serves as the single authoritative reference work which brings together the vast growing interdisciplinary and at times contradictory body of literature For both established researchers practitioners and those new to the field this Handbook provides a one stop shop as well as a launching pad for new explorations and discussions     **A General Biographical Dictionary ... A New Edition, Continued to the Year 1833, Etc** John Gorton,1835
