Women's Movement Heidi Slettedahl MacPherson, 2021-07-26 Women's Movement critically explores the transgressive potential of feminist escape narratives and argues that they are almost by definition radically different from paradigmatic male escape narratives. While definitions of escape are necessarily broad, they have too often excluded the ambiguous escape the escape most closely associated with the female. Indeed, feminist escape narratives often resist a happy ending, and Women's Movement argues that these narrative closures reflect the changing face of feminism as it sheds its old certainties. It is faced with a monumental backlash and is refigured as the potentially less threatening postfeminism. Resisting the automatic association of escape with escapist Women's Movement analyzes male adventure and quest narratives including Moby Dick, The Adventures of Huckleberry Finn, Blood Meridian, and Deliverance, before turning to a range of feminist texts. While being the first book to give critical attention to some postfeminist novels, Women's Movement more often acts as a channel for offering different ways of approaching familiar feminist texts, including among others Marian Engel's Bear, Atwood's Surfacing and The Handmaid's Tale, Joan Barfoot's Gaining Ground, and Dancing in the Dark, Anne Tyler's Earthly Possessions, and Ladder of Years, Marilynne Robinson's Housekeeping, Erica Jong's Fear of Flying, and Margaret Laurence's The Diviners.

Outsiders Zachary Kramer, 2019-01-28 What is the future of civil rights? Like a living thing, discrimination evolves, adapting to its time. As discrimination becomes more individualized, as difference becomes more pronounced, we need a civil rights that is attuned to the way identity is

performed today Outsiders is filled with stories that demand attention stories of people whose search for identity has cast them to the margins Their stories reveal that we need to refresh our vision of civil rights Taking its cue from religious discrimination law Outsiders proposes two major changes to civil rights law The first is a right to personality Identity comes from within The goal of civil rights law should be to take people as they come to let each of us determine who we are and how we relate to the world around us The second change is a shift in how the law responds to discrimination The critical question driving equality law should be whether there is space to accommodate a person s identity Accommodations are about respecting difference not erasing it Accommodations are a way to bring outsiders in Outsiders seeks to change the way we think about identity equality and discrimination It argues that difference not sameness should be the cornerstone of civil rights Mixing doctrine and theory art and personal narrative Outsiders proposes a civil rights for everyone Being different is universal We are all outsiders
