A Weapon in the Struggle Andy Croft, 1998-09-20 Andy Croft's amalgam of essays on some of the dimensions of culture pursued and generated by British communists during five decades of this century from the twenties through to the sixties makes compulsive reading a lively and provocative collection

Tribune For over seventy years the Communist Party of Great Britain had an extraordinary impact on British cultural life exercising an influence quite out of proportion to its size or political importance Many art forms were revitalised others profoundly changed new ones established or shaped by groups and individuals associated with the party who brought to the realm of cultural production whether in music film theatre or literature a dynamism and vision that helped to lay the foundations for a new radical culture a progressive avant garde in which the struggle was always to produce a culture for and of the people in the front line of the battle of ideas The distinguished contributors to this volume the first serious study of the subject draw on new research to recover the fascinating histories of the artists poets musicians film makers and cultural visionaries of the period placing them in a broader historical context and providing an invaluable introduction to British social and cultural history in the twentieth century

The Tudors: Art and Majesty in Renaissance England Elizabeth Cleland, Adam Eaker, Marjorie E. Wieseman, Sarah Bochicchio, 2022-10-03 This fascinating new look at the artistic legacy of the Tudors reveals the dynasty's enduring influence on the arts of Renaissance England and beyond Ruling successively from 1485 through 1603 the five Tudor monarchs brought seismic changes to England that reverberated throughout Europe They used the arts to legitimize and glorify their tumultuous rule from Henry VII's bloody rise to power through Henry VIII's breach with the Roman Catholic Church to the reign of the Virgin Queen Elizabeth I With incisive scholarship and sumptuous new photography this book explores the extreme politics and outsize personalities of the Tudors and how they used art in their diplomacy at home and abroad Tudor courts were truly cosmopolitan attracting top artists and artisans from across Europe At the same time the Tudors nurtured local talent and gave rise to a distinctly English aesthetic one that is forever connected to the myth and visual legacy of their dynasty The Tudors reveals the true history behind a family that has long captured the public imagination bringing to life their extravagant and politically precarious world through the exquisite paintings lush textiles gleaming metalwork and countless luxury objects that adorned their spectacular courts

Canoe Nation Bruce Erickson, 2013-06-15 More than an ancient means of

transportation and trade the canoe has come to be a symbol of Canada itself In Canoe Nation Bruce Erickson argues that the canoe's sentimental power has come about through a set of narratives that attempt to legitimize a particular vision of Canada that overvalues the nation's connection to nature From Alexander Mackenzie to Grey Owl to Pierre Elliott Trudeau the canoe authenticates Canada's reputation as a tolerant environmentalist nation even when there is abundant evidence to the contrary Ultimately the stories we tell about the canoe need to be understood as moments in the ever contested field of cultural politics

Practicing Renaissance Scholarship David M. Bergeron, 2000 From original archival research to analyzing what centuries of thinkers have written to exposing reductive ideology the essays revolve around the twin poles of evidence and interpretation BOOK JACKET **Apartheid's Festival** Leslie Witz, 2003-10-06 Apartheid's Festival highlights the conflicts and debates that surrounded the 1952 celebration of the 300th anniversary of the landing of Jan Van Riebeeck and the founding of Cape Town South Africa Taking place at the height of the apartheid era the festival was viewed by many as an opportunity for the government to promote its nationalist separatist agenda in grand fashion Leslie Witz's fine grained examination of newspapers brochures pamphlets and advertising materials reveals the expectations of the festival planners as well as how the festival was engineered historical figures were reconstructed and the ANC and other anti apartheid organizations mounted opposition to it While laying open the darker motives of the apartheid regime Witz shows that the production of local history is part of a global process forged by the struggle between colonialism and resistance Readers interested in South Africa representations of nationalism and the making of public history will find Apartheid's Festival to be an important study of a society in transition The Most Beautiful Girl in the World Sarah Banet-Weiser, 2023-04-28 Sarah Banet Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual She focuses on the Miss America pageant in particular considering its claim to be an accurate representation of the diversity of contemporary American women Exploring the cultural constructions and legitimations that go on during the long process of the pageant Banet Weiser depicts the beauty pageant stage as a place where concerns about national identity cultural hopes and desires and anxieties about race and gender are crystallized and condensed The beauty pageant she convincingly demonstrates is a profoundly political arena deserving of serious study Drawing on cultural criticism ethnographic research and interviews with pageant participants and officials The Most Beautiful Girl in the World illustrates how contestants invent and reinvent themselves while articulating the female body as a national body Banet Weiser finds that most pageants are characterized by the ambivalence of contemporary liberal feminism which encourages individual achievement self determination and civic responsibility while simultaneously promoting very conventional notions of beauty The book explores the many different aspects of the Miss America pageant including the swimsuit the interview and the talent competitions It also takes a closer look at some extraordinary Miss Americas such as

Bess Myerson the first Jewish Miss America Vanessa Williams the first African American Miss America and Heather Whitestone the first Miss America with a disability Sarah Banet Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual She focuses on the Miss America pageant in particular considering its claim to be an accurate reflection of American culture

What Are We Waiting For? William H. Petersen, 2017-09-01

Offers a new perspective on Advent including resources Everyone knows that Advent is about waiting but author William H Petersen asks what are we waiting for In this book he argues for a liturgical renewal in the life and mission of the Church by proposing an expanded seven week observance of Advent taking its cue from the shape and substance of the Revised Common Lectionary while noting and critiquing the Church's complicity in the Christmas culture Resources for a more authentic observance of Advent other than a simple short four week count down to Christmas are proposed and presented With a renewed emphasis on eschatological formation into the Body of Christ during an expanded season this counter cultural approach gets beyond the secular and commercial Christmas preparation madness Instead it provides the Church and the seasonally harried Christians who make up the Church with the opportunity to enter each new liturgical year not simply as engaging a routine cycle but with ever deeper understandings broader horizons and higher expectations in furthering our life and mission as reflection and agent of the Reign of God Kingdom of Christ
