Proof of Heaven by Dr. Eben Alexander

As a neurosurgeon, Dr. Eben Alexander believed that there was no tangible proof of heaven or a spiritual afterlife. Though many of his own patients claimed they had spiritual experiences, Dr. Eben listened to their stories but always had rational explanations for everything they had seen and felt. Near-death experiences were nothing more than the innermost parts of the brain working overtime in a traumatic event to help ease the pain and fear of a patient. The mind can conjure up all kinds of visual pictures and ideas while being unconscious. Not until he had his own near death experience did he understand what his patients were talking about. In his book, *Proof of Heaven*, Dr. Eben Alexander explains his spiritual journey.
