

# The Great Gatsby: Chapter 1 Vocabulary **ANSWER KEY**

Using context clues and your knowledge of root words, define each bolded word. Then, look up the actual definition and record that.

**WORDS:** supercilious, incredulously, imperatively, extemporizing, sedative

„Tom Buchanan in riding clothes was standing with his legs apart on the front porch.

He had changed since his New Haven years. Now he was a sturdy middle-aged man of thirty with a rather hard mouth and a supercilious manner. Two shining arrogant eyes had established dominance over his face and gave him the appearance of always looking aggressively forward.

What do you think **supercilious** means? *Answers will vary.*

What does **supercilious** actually mean? *behaving or looking as though one thinks one is superior to others (super=over; cude=full of)*

“Don’t look at me,” Daisy retorted, “I’ve been trying to get you to leave York all afternoon.”

“Fig, thanks,” said Miss Baker to the four cocktails just in from the pantry. “I’m absolutely in training.”

Her host looked at her **incredulously**.

“You are!” He took down his drink as if it were a drop in the bottom of a glass. “How you ever get anything done is beyond me.”

What do you think **incredulously** means? *Answers will vary.*

What does **incredulously** actually mean? *not able or willing to believe something (in=not or not; cred=believe; out=full of)*

“Gatsby?” demanded Daisy. “What Gatsby?”

Before I could reply that he was my neighbor dinner was announced, wedging his tense arm **imperatively** under mine. Tom Buchanan compelled me from the room as though he were moving a checker to another square.

What do you think **imperatively** means? *Answers will vary.*

What does **imperatively** actually mean? *expressing command in a forceful and confidently way*

„Daisy leaned forward again, her voice glowing and ringing.

“I love to see you at my table, Nick. You remind me of a—of a rose, an absolute rose. Doesn’t he?” She turned to Miss Baker for confirmation. “An absolute rose?”

**Inside The Great Gatsby** A.E. Elmore,2025-02-15 Inside The Great Gatsby The Hidden Subtext is a revolutionary analysis of the famed novel that reveals its important previously unknown literary foundations drawn from classical and modern literature including the works of Dante Milton Conrad Spengler Frazer Weston Joyce Eliot and the King James Bible Other studies of the novel have focused primarily on its biographical cultural or social issues but none prior to Elmore s have systematically examined the unrecognized debts Gatsby owes to previous literary works The ultimate irony is that Gatsby lauded as one of the greatest novels in the English language earned its stature based solely on recognition of only a part of its whole the literal narrative or surface story without realization or acknowledgment of its foundational subtext the hidden layer that links it to the universal library of human experience most of which remained undetected until the centennial year of the novel s original publication

**Critical Encounters in Secondary English** Deborah Appleman,2023-12-22 Grounded in solid theory with new field tested classroom activities the fourth edition of Critical Encounters in Secondary English continues to help teachers integrate

the lenses of contemporary literary theory into practices that have always defined good pedagogy The most significant change for this edition is the addition of Critical Race Theory CRT as an analytical lens CRT offers teachers fresh opportunities for interdisciplinary planning and teaching as it lends itself to lessons that encompass a variety of disciplines such as history sociology psychology and science As with the previous edition each chapter concludes with a list of suggested nonfiction pieces that work well for the particular lens under discussion This popular text provides a comprehensive approach to incorporating nonfiction and informational texts into the literature classroom with new and revised classroom activities appropriate for today's students Book Features Helps both pre and inservice ELA teachers introduce contemporary literary theory into their classrooms Offers lucid and accessible explications of contemporary literary theory Provides dozens of innovative and field tested classroom activities Tackles the thorny issue of Critical Race Theory in helpful and practical ways Praise for the Third Edition What a smart and useful book It provides teachers with a wealth of knowledge and material to help their students develop critical perspective and suppleness of thought Mike Rose University of California Los Angeles This Third Edition proves that Appleman still has her hand on the pulse of the rapidly changing landscape of education Ernest Morrell Teachers College Columbia University This new edition of Deborah Appleman's now classic book demonstrates even more dramatically than previously how the critical theories she so skillfully teaches serve not only as lenses for the reading of literature but as tools for discovering interrogating and challenging injustice hypocrisy and the hidden power relations that students are likely to encounter Sheridan Blau Teachers College Columbia University

*Policy and Practice in Science Education for the Gifted* Manabu Sumida, Keith Taber, 2017-03-16 Gifted education has come to be regarded as a key national programme in many countries and gifted education in science disciplines is now being recognised to be of major importance for economic and technological development Despite these initiatives and developments internationally there are very few discussions on gifted education in science drawing upon practices and experiences in different national contexts In support of an international dialogue between researchers and practitioners often working within isolated traditions this book offers information on key influential approaches to science education for gifted learners and surveys current policy and practice from a diverse range of educational contexts The volume offers an informative introduction for those new to studying gifted science education as well as supporting the development of the field by offering examples of critical thinking about key issues and accounts of the influences at work within education systems and the practical complexities of providing science education for the gifted The contributions draw upon a variety of research approaches to offer insights into the constraints and affordances of working within particular policy contexts and the strengths and challenges inherent in different approaches to practice Chapters include Teaching science to the gifted in English state schools locating a compromised gifted talented policy within its systemic context Models of education for science talented adolescents in the United States Past present and likely future trends Navigating the shifting terrain

between policy and practice for gifted learners in Tanzania Science education for female indigenous gifted students in the Mexican context Gifted Science Education in the Context of Japanese Standardization This book will appeal to scholars practitioners and policy makers who are in the field of gifted science education The Great Gatsby meets Alain Badiou Ursula Vooght,2023-12-21 The subject of this book is a consideration of the usefulness of the concept of fidelity put forward by the philosopher Alain Badiou in the discussion of film adaptation Fidelity or faithfulness is primarily a consideration that emerges in relation to so called canonical texts in adaptation Fitzgerald's The Great Gatsby occupies a position of global recognisability and within the United States cultural mythology that has triggered strong reactions to the four Hollywood adaptations The various adaptations allow for the differing approaches to the adaptation of this novel to be meaningfully explored The film adaptations paratextual elements will be discussed in order to show how these acted as limiting lenses The strategies of the films for handling elements of Fitzgerald's prose and themes will be compared across the adaptations This will culminate in an assertion of the worth of a larger application of a Badiouian fidelity within the field **Language Exploration and Awareness** Larry Andrews,2013-09-13 This book shows English teachers how they can expand their curriculum beyond the traditional emphases on grammar and syntax to help their students learn about the many aspects of the English language including general semantics regional and social dialects syntax spelling history of the English language social language conventions lexicography and word origins The text reviews basic aspects of English language study in classrooms then illustrates how teachers can create student centered inquiry oriented activities for the learners in their classrooms Written from a language in cultural and social context perspective this text stresses the uses of authentic language as it is used by real people for real purposes in diverse social contexts Clear practical and reader accessible the fully revised and updated second edition of this text emphasizes how language is a distinctly human activity and how successful language use is dependent on appropriate choices driven by social context Demonstrates through numerous sample classroom activities many of which have been prepared by classroom teachers how language study can be more meaningful and enjoyable for students Features two unique chapters one on the languages of intolerance and discrimination and one on how teachers can help English as a Second Language learners in mainstream classrooms Includes For Your Information and Practice activities in each chapter to help readers deepen and clarify their understandings of the content

*Marginalia in Modern Learning Contexts* Reid, Alan J.,2018-11-09 Although reading can be regarded as an isolated and private endeavor the white space in the margins of a printed book or the comments section at the end of an online article can provide a welcomed space for interaction Annotation and marginalia share similar meanings a reader's contribution to a text which might consist of alphabetic image and video content While it has always been more common to think of this strategy in the context of a student and a textbook it is being more widely used through online communications such as commenting on liking and sharing social media posts The behaviors of readers as they engage with a text says a lot about their involvement

interest and intentions Marginalia in Modern Learning Contexts is a collection of innovative research on the methods and applications of interaction between readers and texts through digital means such as commenting or physical annotation such as writing in the margins of a book and how these strategies can be applied in educational settings While highlighting topics including social annotation teacher education and technological expertise this book is ideally designed for educators administrators academicians researchers and students seeking current research on digital and physical annotation methods and strategies and their applications in educational environments

**Researching and Understanding Educational Networks** Robert McCormick, Alison Fox, Patrick Carmichael, Richard Procter, 2010-06-25 Discussing educational networks this book presents analyses of the problems with the theories of teacher learning and explores what network theories can be brought to the problem of how teachers and schools create and share knowledge about practice

**The Great Gatsby in the Classroom** David Dowling, 2006 Provides specific teaching strategies for each chapter and classroom tested oral written drawing and dramatic activities that help students make meaning out of the novel and engage them in its thematic and affective elements

**Close Reading: The Basics** David Greenham, 2018-07-27 Close reading is the most essential skill that literature students continue to develop across the full length of their studies This book is the ideal guide to the practice providing a methodology that can be used for poetry novels drama and beyond Using classic works of literature such as Hamlet and The Great Gatsby as case studies David Greenham presents a unique contextual approach to close reading while addressing key questions such as What is close reading What is the importance of the relationships between words How can close reading enhance reading pleasure Is there a method of close reading that works for all literary genres How can close reading unlock complexity How does the practice of close reading relate to other theoretical and critical approaches Close Reading The Basics is formulated to bring together reading pleasure and analytic techniques that will engage the student of literature and enhance their reading experience

*Reading Deeply* Kiersten Jennifer Chuven, 2004

**Translation and Emotion** Séverine Hubscher-Davidson, 2017-10-31 This volume tackles one of the most promising and interdisciplinary developments in modern Translation Studies the psychology of translation It applies the scientific study of emotion to the study of translation and translators in order to shed light on how emotions can impact decision making and problem solving when translating The book offers a new critical approach to the study of emotion in translation by analysing translators accounts of their experiences as well as drawing on a case study of emotional intelligence involving 155 professional translators The author identifies three distinctive areas where emotions influence translators emotional material contained in source texts their own emotions and the emotions of source and target readers In order to explore the relevance and influence of emotions in translation each chapter focuses on a different emotion trait emotion perception emotion regulation and emotion expression

Debating the Canon L. Morrissey,2016-05-24 Over the past two decades the debate over the Great Books has been one of

the key public controversies concerning the cultural content of higher education Debating the Canon provides a primary source overview of these ongoing arguments Many of these contributions to this debate have achieved canonical status themselves through the focus on the canon the full spectrum of approaches to literary studies can be seen in the essays Therefore this collection places the recent debate within a larger context of literary criticism s development of a canon going back to the eighteenth century
