**Writing/Gay Reading** James Creech, 1993 One of the most urgent tasks for gay studies today James Creech argues is the retrieval of a repressed closeted literary heritage But contradictions and problems cloud even the most basic theoretical questions What does a lesbian or gay reading of a literary text require or presume Can we talk about a homosexual writer expressing him or herself before the invention of homosexuality Was it possible for a writer like Herman Melville for example to create literary works linked to his own prohibited eros In Closet Writing Gay Reading Creech shows how a literary critic

can be receptive to implicit and closeted sexual content Forcefully advocating a tactic of identification and projection in literary analysis he lends renewed currency to the kind of sentimental response to literature that continental theory particularly deconstruction has sought to discredit In the second half of his book Creech sets out to analyze what he considers the exemplary novel of the nineteenth century closet Melville's *Pierre* or *The Ambiguities* By approaching *Pierre* as the gay man Melville longed to have as its reader Creech is able to decipher the novel's encrypted erotics and to reveal that Melville's apparent tale of incest is actually a homosexual novel in disguise The closeted address to queer sensitive readers that *Pierre* disseminates finally receives a critical reading that strives to be explicit shareable and public

***Contemporary Gay American Poets and Playwrights*** Emmanuel S. Nelson,2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O Hara merit wider recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview of the author s critical reception and primary and secondary bibliographies
