

to create, used resources are used. This means there is a degree of flexibility in the way a particular sector spends and allocating the scarce resources. The other two characteristics that distinguish the public from private system are:

- Public Sector (Subsides):** Benefits (Public Welfare)
- Private Sector (Profit):** Maximizing the Profit (Private, Supremacy, Profit-driven)

Therefore, the public sector has more characteristics (characteristics, characteristics, the regulations, controlling, and other factors and structures).

### Understanding the two different sectors (the public and private sector)

There are two main sectors:

	Public Sector	Private Sector	Public Sector	Private Sector
<b>Public Sector</b>	The government or public of the people (the people)	The government or public of the people (the people)	The government or public of the people (the people)	The government or public of the people (the people)
<b>Private Sector</b>	The private sector (the private sector)	The private sector (the private sector)	The private sector (the private sector)	The private sector (the private sector)

### The different sectors of the economy

	Public Sector	Private Sector
<b>Public Sector</b>	The public of the economy (the public of the economy)	The public of the economy (the public of the economy)
<b>Private Sector</b>	The private of the economy (the private of the economy)	The private of the economy (the private of the economy)

The public sector is a very large sector, covering the public of the economy (the public of the economy). The public sector is a very large sector, covering the public of the economy (the public of the economy).
