Hard Bodies Susan Jeffords, 2000 *Hard Bodies* Susan Jeffords, 1994 *Hard Bodies* is about Ronald Reagan Robert Bly America Rambo Dirty Harry national identity and individual manhood By linking blockbuster Hollywood films of the 1980s to Ronald Reagan and his image Susan Jeffords explores the links between masculinity and U S identity and how their images changed during that decade Her book powerfully defines a distinctly ideological period in the renegotiation of masculinity in the post Vietnam era As Jeffords perceptively notes Reagan was most effective at constructing and promoting his own image His election in 1980 and his landslide re election in 1984 offered politicians and the film industry some insight into what audiences want to see Audiences and constituencies were looking for characters who stood up for individualism liberty anti governmentalism militarism and who embodied a kind of mythic heroism The administration in Washington and Hollywood filmmakers sensed and tried to fill that need Jeffords describes how movies meshed inextricably with Reagan s life as he cast himself as a hero and influenced the country to believe the same script Invoking Clint Eastwood in his speeches and treating scenes from movies as if they were real Reagan played on his image in order to link popular and national narratives Hollywood returned the compliment Through her illuminating and detailed analyses of both the Reagan presidency and many blockbuster movies Jeffords provides a scenario within which the successes of the New Right and the Reagan presidency can begin to be understood she both encourages an understanding of how this complicity functioned and provides a framework within which to respond to the New Right s methods and arguments Rambo Lethal Weapon Die Hard Robocop Back to the Future Star Wars the Indiana Jones series Mississippi Burning Rain Man Batman and Unforgiven are among the films she discusses In her closing chapter she suggests the direction that masculinity is taking in the 1990s

Technologies of Feminist Speculative Fiction Sherryl Vint, Sümeyra Buran, 2022-05-04 *Technologies of Feminist Speculative Fiction* Gender Artificial Life and the Politics of Reproduction explores how much technology has reshaped feminist conversations in the decades since Donna Haraway's influential *Cyborg Manifesto* was published. With sections exploring reproductive technologies, new ways of imagining femininity and motherhood via artificial means, queer readings of gender as a social technology, and posthuman visions of a world beyond gender, this book demonstrates how feminist speculative fiction offers an urgently needed response to the intersections of women's bodies and technology. This collection brings together authors from Europe, Japan, the US, and the UK to consider speculative films and texts, reproductive technologies, and food futures, and opportunities to rethink family, aging, gender, and sexuality, and community through feminist speculative fiction, a social technology for building better futures.

Studying The Hurt Locker Terence McSweeney, 2019-07-02 In this vibrant and dynamic book-length study drawing on a broad tapestry of research, Terence McSweeney offers an exploration of *The Hurt Locker* (2009), its stylistic and narrative devices, its cultural impact, its reception, and its relationship to the genre of the war film. McSweeney places the film in a richly textured historical, political, and industrial context, arguing that *The Hurt Locker* is part of a long tradition of films about American wars that play a considerable role in how audiences come to understand the conflicts that they depict. Thus, films about a nation's wars are never only a movie but rather should be considered a cultural battleground, themselves on which a war of representation is waged.
