to Parque Nacional Mallsa with its bird observatory and across the road the zoo area The road passes under natural stone bridges and past Chulpani's Red Hill There is no mistaking which hill this is From Mallsa one can see across the river to the highest golf course in the world Devil's Tooth or Muela del Diablo is a huge volcanic plug sticking out of the landscape to a height of 13 000 ft 3 950 m Several trails go to the right follow the one that obviously leads to the village From there go to the left for 3 miles about half a kilometer to the foot of the rock Climbers are occasionally found on the east face Canyon de Palca or Valle de Animas is a deep canyon that was carved by the Rio Palca centuries ago To get there take a bus going to Huni from Plaza Belzu on Avenida Mexico in San Pedro There are huge pinnacles and wind carved conglomerates The trail continues along the bottom of the canyon to a natural obelisk Just past the obelisk is a rock that has the appearance of a human hiding in a cave The rock is called the hermit of the canyon Continue along the canyon to its end and climb to your left up to the village of Palca This is a long day hike All of the detailed information you need is here about the hotels restaurants shopping sightseeing But we also lead you to new discoveries turning corners you haven't turned before helping you to interact with the world in new ways That's what makes our Adventure Guides unique An excellent addition to the Adventure Guide series packed with detail from where to stay and eat to where to shop for local crafts and how to enjoy historic sites This guide surveys the wildlife and outdoor opportunities of the country which range from tropical jungle to high plains deserts Hiking and viewing opportunities blend with cultural insights Highly recommended The Midwest Book Review
