History Of Nero:

A Critical Study of the Sources of the History of the Emperor Nero John Nicholas Henry Jahn, 2015-06-26 Excerpt from A Critical Study of the Sources of the History of the Emperor Nero Our sources of the history of Nero and his reign are not very numerous Fortunately we have the works of three of the historians who wrote on this period at a time that was not so remote as to render their records of little value Chapters XII XVI of the Annals of Tacitus c 55 120 A D cover the reign of Nero to the year 66 A D including his relation to Claudius during the last years of that emperor and are so far complete The Life of Nero by Suetonius c 75 160 A D has come down to us entire Of the History of Nero by Dio Cassius born 155 A D in his Roman History Books 61 63 we have only the abridgment of Xiphilinus and the extracts of Zonaras Xiphilinus was a monk of the eleventh century who at the request of Michael VII 1071 78 wrote an epitome of Books 36 80 of the History of Dio Cassius the last twenty of which would otherwise have been lost Considering Dio s mode of writing we are inclined to think that by the abridgment not much of the substance of the original work has been lost Moreover the work of Johannes Zonaras a Byzantine historian of the middle of the twelfth century in his Epitome of History from creation to 1118 A D as far as the history of Nero and other Roman emperors is concerned consists in the main of excerpts from Dio and thus he supplies in the passages that can be recognized as such some of the parts that are lacking in the abridgment of Xiphilinus There are but a few other sources and these are all quite meager as far at least as the history of the emperor is concerned A few fragments of early Roman historians remain A small number of inscriptions has been preserved and a larger number of Roman and other coins of that period The work of Josephus b 37 A D on the Antiquities of the Jews extends to the twelfth year of Nero s reign but it is in the first place a history of the Jewish people and then the work was written by the Flavian courtier with the intention to create among the Greeks and Romans a higher opinion of his despised people and on the other hand the author was profuse in the flattery of his patrons among whom Poppaea the wife of Nero had been and whenever there was an occasion to flatter he was not much concerned about the truth About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Nero Edward Champlin,2005-09-30 The Roman emperor Nero is remembered by history as the vain and immoral monster who fiddled while Rome burned Edward Champlin reinterprets Nero s enormities on their own terms as the self conscious performances of an imperial actor with a formidable grasp of Roman history and mythology and a canny sense of his audience Nero murdered his younger brother and rival to the throne probably at his mother s prompting He then murdered his mother with whom he may have slept He killed his pregnant wife in a fit of rage then castrated and married a young freedman because he resembled her He mounted the public stage to act a hero driven mad or a woman giving birth and raced a ten horse chariot in the Olympic games He probably instigated the burning of Rome for which he then ordered the spectacular punishment of Christians many of whom were burned as human torches to light up his gardens at night Without seeking to rehabilitate the historical monster Champlin renders Nero more vividly intelligible by illuminating the motives behind his theatrical gestures and revealing the artist who thought of himself as a heroic figure Nero is a brilliant reconception of a historical account that extends back to Tacitus Suetonius and Cassius Dio The effortless style and artful construction of the book will engage any reader drawn to its intrinsically fascinating subject **Characters and Events of Roman History, from Caesar to Nero** Guglielmo Ferrero,1917 *The History of the Decline and Fall of the Roman Empire : for the Use of Families and Young Persons* Edward Gibbon,Thomas Bowdler,1826 *Augustus to Nero (Routledge Revivals)* David Braund,2014-06-27 The years from the battle of Actium to the death of Nero stand at the very heart of Roman history Yet the sources of this key period particularly the inscriptions papyri and coins are not readily accessible Crucial new discoveries remain buried in learned periodicals and now that the study of the ancient world is widespread among those without Latin and Greek the lack of translations is proving a serious handicap *Augustus to Nero* first published in 1985 contains numerous texts not only for students of traditional political history but also of those interested in social and economic history An introductory essay establishes a broad methodological framework within which each text may be understood The focus throughout is on less well known literary evidence for example the significant poetry of Crinagoras and Calpurnius Siculus Inaccessible sources are here collected and translated brief notes are supplied to help the reader *A Dictionary of Christian Biography, Literature, Sects and Doctrines: Naamanes-Zuntfredus* William Smith, Henry Wace,1887
 Augustus to Nero David Braund,1985 **Harmsworth History of the World** Arthur Mee,1907
