1960s Bivins sees its message moving from a place of relative marginality to one of prominence What does it say about American public life that such ideas of fearful religion and violent politics have become normalized Addressing this question Bivins establishes links and resonances between the cultural politics of evangelical pop the activism of the New Christian Right and the political exhaustion facing American democracy Religion of Fear is a significant contribution to our understanding of the new shapes of political religion in the United States of American evangelicalism of the relation of religion and the media and the link between religious pop culture and politics *The Best of LCD* Dave the Spazz,2007-10-04 Named the best radio station in America by Rolling Stone magazine four years running WFMU is considered the alternative radio station LCD Lowest Common Denominator the station s program guide begun in 1986 as a visual counterpart to WFMU s oddball programming was a wicked cocktail of satire cultural news alternative history and provocative artwork that has earned its own devoted cult followers It ceased publication in 1998 and its back issues have become treasured and valuable collector s items Dave the Spazz has spent the past twenty years hosting a weekly radio show on WFMU self publishing freelance writing making artwork singing in punk rock bands and holding down one crummy job after another Catalog of Copyright Entries.
