## History Of Breifne Oreilly:

**The History of Breifne O'Reilly** J. J. O'Reilly, 1976 *County Cavan and County Leitrim, Ireland, genealogy and family history notes* Michael C. O'Laughlin, 2002 This illustrated well indexed book was created exclusively to help you find your family in Counties Cavan and Leitrim in Ireland Focusing specifically on families within these neighbouring counties the book includes an introduction to research and sources in each county The most numerous families from birth records are given as well as rather rare Cavan and Leitrim families found in heraldic records Included you will find a full page map of both counties from the Atlas of Ireland along with a listing of modern parishes and old townlands along with the address and location of records for more research This work includes copies of actual records some worn torn and faded it also includes rough sketches of family coats of arms and notes from centuries past seldom found elsewhere The resources provided here will help research any family in the county including old Irish families and settler families from England Scotland Wales and the continent This book is a hands on guide for finding your family in Cavan and Leitrim some family history is included but it is not a gigantic collection of family histories For that see *The Book of Irish Families Great and Small* *The History of Ireland, Ancient and Modern* Martin Haverty, 1860 [Sixteenth-Century Ireland \(New Gill History of Ireland 2\)](#) Colm Lennon, 2005-09-27 Colm Lennon's Sixteenth Century Ireland the second instalment in the New Gill History of Ireland series looks at how the Tudor conquest of Ireland by Henry VIII and the country's colonisation by Protestant settlers led to the incomplete conquest of Ireland laying the foundations for the sectarian conflict that persists to this day In 1500 most of Ireland lay outside the ambit of English royal power Only a small area around Dublin The Pale was directly administered by the crown The rest of the island was run in more or less autonomous fashion by Anglo Norman magnates or Gaelic chieftains By 1600 there had been a huge extension of English royal power First the influence of the semi independent magnates was broken second in the 1590s crown forces successfully fought a war against the last of the old Gaelic strongholds in Ulster The secular conquest of Ireland was therefore accomplished in the course of the century But the Reformation made little headway The Anglo Norman community remained stubbornly Catholic as did the Gaelic nation Their loss of political influence did not result in the expropriation of their lands Most property still remained in Catholic hands England's failure to effect a revolution in church as well as in state meant that the conquest of Ireland was incomplete The seventeenth century with its wars of religion was the consequence Sixteenth Century Ireland Table of Contents Introduction Town and County in the English Part of Ireland c 1500 Society and Culture in Gaelic Ireland The Kildares and their Critics Kildare Power and Tudor Intervention 1520 35 Religion and Reformation 1500 40 Political and Religious Reform and Reaction 1536 56 The Pale and Greater Leinster 1556 88 Munster Presidency and Plantation 1565 95 Connacht Council and Composition 1569 95 Ulster and the General Crisis of the Nine Years War 1560 1603 From Reformation to Counter Reformation 1560 1600 **A New History of Ireland, Volume III** T.
